APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

ESSAY: "Be Ye Perfect"

"Be ye perfect, as your father in heaven is perfect".

The process of life is one where we are either consciously or unconsciously, being guided through a process of aligning with the spiritual body, which is our blueprint for perfect health, peace of mind, joyfulness and abundant life!

The more conscious we are, drawing on the teachings handed down to us, the simpler life becomes.

Many people have many different ideas about what the sacred scriptures' purpose is. They range from being "political documents" to "brainwash and control of the people", through to "fairy tales", "myths", "nonsense", through to "deeply profound", and "meta-physical texts teaching the ReGeneration and the attainment of conscious immortality".

As one studies the various teachings from all

parts of the world, one finds that they all provide a disguised reference teaching the latter. ALL of them contribute to our Spiritual evolution, and contain some truth.

IF we adhere to the name of the source, or the adjective used to describe the channel the teachings came through, (Hindu, Buddhism, Judaism, Christian, Muslim, to name the more mainstream appellations), we lose sight of the Truth they contain. That is, if we call ourselves by the name of the channel through which the teachings came to us, we become that...so whatever group you identify with is preventing you from *feeling and knowing the truth of Spirit*. If one identifies with a 'part', a 'sect', one **cannot feel a part of the Whole**.

So, when groups of people gather together and name their sect, they are in fact losing sight of the Truth... of the Whole, UNLESS, they are fully, consciously aware of this, and use their appellation *as an adjective, not as a noun*.

The moment their system of worship becomes a noun, *intended* to separate from others, the moment they have gone against the whole principle of Religion, which is to 'bind back all

the truths buried in each tradition, ***into a unified whole***".

THEN, how these truths contained in each tradition are conveyed to the people is vital. For if there is a hierarchy, then the Race Thought Atmosphere and its corrupt forces have already infiltrated it, poisoned the hearts and minds of those involved and led them away from the truth. We are taught:

"Let the greatest among you, be the servant of all".

We are also taught that the children of this world (those saturated by the Race Thought Atmosphere and living in its deception) like to Lord it over others, choosing high places and loving the adulation of those who, are like them.

ALL these things are contrary to the be-have-i-our *necessary* to live by the Spiritual qualities awaiting expression *through us*, which are the qualities of the Higher mind.

When we are taught to "be ye perfect" we are being taught, in a meta-physical way, that the

foundation of our being is perfect and we are to align ourselves with it.

“But I’m only human” many people say... without fully understanding that every ‘hu-man be-ing’ is an aspect of God’s mind in activity, and as such, has access to ALL that God is.

We are each the inlet of the infinite God, and inheritors of all the potential inherent in God, and we are to become the conscious outlet, so we draw on the Wisdom, and Love and other powers of the Spirit, activate our faculties of mind, participate in the ReGeneration, i.e. become the Gardeners of our Mind, and through this process perfect our character.

Now, we cannot perfect our character if we are always anxious about living in this world. We perfect our character when we become detached from the baser desires of this world, when we learn to control our sensual nature, when we sift through our desires and motives, and when we completely overcome the carnal mind (666) and transmute it, so we are free from its degenerative impulses.

The carnal mind also has many adjectives de-

scribing it, to help us realise and understand that Satan, is “the adversary” “the accuser” “the liar in wait” and more.

What the writers are sharing is that we have, within us, built up layers or strata of protection, of cushioning, between ourselves and the world...and this prevents the real Spiritual person from being expressed.

Our Spiritual blueprint is vibrating constantly, radiating its energy through us, from the centre of every cell, the Light within the Light that IS GOD, to the circumference, building nerve and muscle, bone and ligament, blood and flesh, organs and skin, etc., manifesting as our body.

We have, as we’ve eaten the fruit of the tree of the knowledge of good and evil, (the knowledge of this material world and its standards) become saturated with the Race Thought Atmosphere and its acquisitiveness, and when we are in an acquisitive frame of mind, we are caught up in the world and are not expressing the full potential of the Spiritual body, which is the source of our vitality, our health and strength.

The word coined to describe the changes necessary is ‘repentance’. Repentance is a realisation of this acquisitiveness and halting it, then turning within and becoming expressive...expressing the God-Self within as the vibration of the Spiritual body radiates through us more freely healing us and creating peace of mind and harmony.

“There is a natural body, and there is a spiritual body”.—Paul.

We, by aligning ourselves with the Spiritual body, access its higher vibration and this is the breath of God inspiring us every day, guiding us teaching us, and shaping us in every way.

ReGeneration is the renewal we are all going through, as the *perfect* Spirit of God, vibrates through us, and by *being still* we perceive this vibration, receive it, and its transforming power.

As we receive more Light, we are to demonstrate it in our daily lives, thereby purging the Race Thought Atmosphere of its darkened forces, and creating a New Heaven, a new mind set, and a new earth, a new body and way of living.

ALL the objections raised by our minds are the result of the adversary, which we have built up within us. We overcome the adversary by meditation and prayer each day, which grows, through time from short periods, into a constant awareness that we live, move, and have our being in God.

This is where we are to be on our guard, as the world and its systems and its children as constantly seeking to draw us out of ourselves and control us, as the lower 666 mind will go around in circles of self-deceit forever, -until it is stopped in its tracks.

The only thing that can stop it is when the individual receives the immersion/Baptism of the Paraclete/Spirit and its power awakens them from the sleep of death.

While it awakens us, it is just that, a *start on the WAY to learning the deeper aspects of our own Spiritual nature, and how we integrate with this world.*

Awakening is continual and incremental, and each person awakens and is educated by the Spirit they receive into a living and practical

knowledge, understanding and alignment with the Living Law written within us.

The reality is, that IF every person knew and understood and was in alignment with the Spirit of power made available via the Decalogue and the fact that our body is either regenerating in alignment with it, or degenerating because we have broken it in some way, then the Race Thought Atmosphere would be purged and the world would be at peace.

We are not at peace because of this ignorance of our own nature... ignorance of the Divine Law, and of the tremendous and indescribable ecstasy which is constantly vibrating within us, seeking expression, yet, is not real and tangible to the mind and feelings because of the acquisitiveness, and the strata of value systems saturating the mind.

ReGeneration creates a greater awareness of the Spiritual Body, and as we continue with the process, the Higher mind (888) and the Intuitively wise mind guides us and unfolds and glorifies the Divine, in and through us.

As we do the daily work, our 'physical' body

and our Spiritual blueprint merge, the “two become one” and we are made anew.

OUR PART is to “do the father’s will” and that is align ourselves with the Divine Law, and allow its Light to guide our lives. “Thy will be done, on the earth (in my life) as it is in heaven (as my understanding of it increases every day).

When we do live by the Divine Law, we are vibrating in harmony with God. We are doing the Will of God, which is, in reality is expressing our own HIGHEST IDEALS.

Everyone seeks peace, happiness, perfect health, and the Wisdom to live life to its fullest. Our Spiritual body is the nucleus of all these and more. What the human family has done is become immersed in the dark psychic powers, and the troubles of this world, so has lost its connection to the inner source of peace which it seeks.

Where there is no God, there is no peace.
Where we know God, we know peace.

Peace is wholeness, wholeness is health. The

insistence by some that ‘health’ can be manufactured in chemical laboratories is the work of the adversary, the carnal mind, the 666 mind, and this mind *is the sleep of death*.

The *resurrection* taught by Jesus (I AM), where He states: “I AM the resurrection and the Life”! Is teaching us all to go within, to be still, to acknowledge the I AM, and to *begin to feel its vibrations, receive its cleansing power and to align ourselves with it, via the Divine Law, so that we can merge with it fully*.

As we live each day “in the world, not of it”, focussing on the process of ReGeneration, the results of our work are incrementally written into the body, and we grow stronger, more aware, more confident, and the Spirit within us reveals in us, the qualities that were always there, yet, due to our ignorance had lain dormant.

“What? know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?”

This ‘*knowing*’ is not intellectual, it is *intimacy with the Spirit as it flows through us, transforming us with the ecstatic vibration we call ‘Grace’*.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are metaphysical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
