APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

Lesson14

Religion & Democracy

The most widespread effect of the Race Thought Atmosphere is 'Divide and conquer'. It has spread a blanket of darkness and ignorance over the whole earth, so the vast majority of the human family no longer recognises one another as brothers and sisters.

This corresponds to:

"The Lord tells Moses to "stretch out your hand toward the sky, that there may be darkness over the land of Egypt, even a darkness which may be felt".

The sons of Israel having light in their dwellings, is our highest ideals radiating through us, seeking expression.

That the sons of Israel had light and the Egyptians did not, on a material level means light was stopped by darkness, which is never the case. This is metaphor for the darkness blanketing the intellects of the hu-man family, as a result of living out of alignment with the Divine Law.

This darkness is the Race Thought Atmosphere, and its effect is that 'Satan' has infiltrated and set up throne in the intellect, and darkened the mind with selfishness, greed, lusts of the flesh, lust for power, pride, anger, false authority, and sloth, as well as all other forms of heinous behaviour.

So few people have peace of mind, and consequently there is no peace in our communities across the earth. As a result, many topics, which all are interconnected, are not treated as

such. The most common of these are so called 'science' and so called 'religion'.

I say 'so called' because modern day 'science' as presented to us each day, is not true science, it is a collection of information tinctured with emotions and used as an agenda, and often implemented with force. All of these are evidence of the lower 666 carnal corrupt mind, the Satanic consciousness, which *had* bound the human family in the sleep of death.

A similar situation exists with organised religion, which promotes its 'leaders' and does not have a Living God, as its head. Those who exalt themselves and call themselves 'church' also sustain the schism, which arose through the natural duality of this world, then became the Race Thought Atmosphere, which sustains all

division.

As more people become aware of these things, and how we got to this stage, change is accelerated. They repent, that is turn their backs on all divisive and destructive energies and invoke the Spirit, which binds everything together in Wisdom and Love.

In “Applied Meta-Physics, The Proposition”, which I wrote in the 1990’s when I first started teaching Applied Meta-Physics, and started giving large chunks of time and effort toward my own ReGeneration, I said:

“The proposition offered by Applied Meta-Physics is that Religion and Science were at one time inseparable. That through time and the divisive elements of the natural universe a duality arose in the minds of men—whereas, in reality, there is none.

What we now call two different subjects ‘religion’ and ‘science’ and treat of separately are in fact one science. The highest science known to the Hu-man race —the science of Being and Knowing — of who we are and why we are here”. (End extract).

The duality arising in the minds of men evolved into and permeates the Race Thought Atmosphere to this day. We have many names for the passing down of ideas... inheritance, tradition, culture, etc. Yet the reality is, these are all aspects of the Race Thought Atmosphere, which increases in density with every thought-word and deed from generation to generation...

Destructive thought-words create a destructive atmosphere. Kind words purge the destructive words and create a kind atmosphere. THE IMPORTANT thing

to understand is that this energy surrounds us, permeating the minds of the hu-man family, ebbs and flows depending on the quality of all our thoughts, and influences and forms behaviour.

Fortunately we each have a higher source of intelligence within us, we have the Higher Mind, the 888 mind, which is a direct connection to omnipresent God.

As we evolve and develop awareness of God as a living presence, everywhere, *we change*.

We no longer flounder like fish out of water... which, if you look around at the world today, those caught in an intellectual web/net do. Simply because they do not see each other as brothers and sisters, and are set on destroying one another, because their minds are darkened.

They have been blinded by the

Race Thought Atmosphere, its egregores, demons, jinn and base desires. They are slaves in the deep *sleep of death*, and do not realise what is happening to them, because the Race Thought Atmosphere and the egregores are so permeated through them, they think they are living the life *they* desire:

“For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against a spiritual wickedness in high places”.

—Paul

Only, those who divide the earth and seek to own it, and make slaves of its people are not aware of the wrestling one who is in the Way to life has, as *their* hypnosis is complete. They have yielded to the Satanic forces completely and sold their soul consciousness for

temporal fame.

OUR WORK is to demonstrate the Light of Life; of its Wisdom and Love and express these as agents of change, drawing on and directing the ONE principle of Life, healing rifts, as a candle, once lit, dispels darkness in a room.

We need to dedicate ourselves wholeheartedly towards our own ReGeneration, so we can increase in Spiritual experience, Power and Love. Our Wisdom and Love must be *so real and intense that it heals us, and awakens and heals those with whom we come into contact.*

Each person has this LIGHT within them, and each needs to silence the 666 lower mind (and I include the numerology to dissolve any fear the number 666 may still cause, simply because it

has been misused and misunderstood for almost two thousand years).

We silence and purge the lower mind by **speaking Words of Truth** emanating from the Higher Mind (888) the Intuitively Wise (999) plane of consciousness and become “The Conqueror” (1, 000).

ALL of us have this SAME SPIRIT... the darkened intellect cannot see this. It is through a darkened intellect and clouded perspective, the world at large *thinks* ‘religion’ and ‘science’ are separate, simply because those enslaved *cannot see the unity, or feel the Spirit of Truth flowing through them.*

THIS is exactly what Applied Meta-Physics is sharing, the *fact* we are *all animated* by a spirit, far more powerful than that

which the vast majority presently manifest each day.

Religion, is the process of discovering that mind of Christ in us, which has 'dominion' over the earth, by defragmenting each aspect of our minds, into a unified whole. This dominion is not gained by violence and force as is the interpretation of the lower mind; rather it is attained through the *formative power of the word, guided by wisdom, expressed with love.*

Politics, also used to be a science: *The science of making the best use possible of the available resources for the whole community.*

As the dark psychic forces of the Race Thought Atmosphere have corrupted hu-man consciousness, both religion and politics, have lost their meaning and pur-

pose and been made to serve the selfishness and greed of those who have manoeuvred themselves into prominent positions.

They use their positions and assumed authority to hypnotise the others, as the dark forces within them have enslaved them and *impel* them forward.

The effects of these dark forces are division, sickness, dis-ease, suffering, division, wars, and the delusion of land and water ownership, etc.

EVERYTHING we are supposed to be stewards of, and cultivate and distribute as required using Wisdom and Love as guides, has been corrupted and the effects live within the vast majority and *are all around us*.

The solution, *the permanent solution is understanding the unity of 'religion' and 'politics' espe-*

cially 'democracy', a system of government, **which in its original concept**, is the highest and purest of all, and I shall describe why below.

Religion has the purpose of redeeming each individual, freeing them from the dark forces which blind the mind and sustain the deeply rooted, the very deeply rooted idea in mind of 'inevitable death'.

Once liberated by the Spirit and living in conscious unity with God, the centre of volition of each person is restored *to their own heart, where they have restored consciousness of and immersed themselves in the flame of God*, in a degree, according to their evolution and development. Thus, 'religion', correctly understood and applied leads to democracy.

Democracy is a **high ideal**. That is, the *concept* of democracy emits from the *Higher mind* (888), and in-spires each individual with the Spirit of Life and Light, which is to increase within us.

Democracy *means*: “Government of the people, by the people, for the people”. “The People” is *all of US. No division.*

The Higher mind is not blinded by the darkness, which creates the illusion of division. It sees and acknowledges and expresses all its attributes according to the principle of the *Universal UNITY of the Hu-man family.*

Individually, this means government **of** each person, **by** that person, **for** that person *in conscious awareness of the common UNITY.*

What this really means is the

Christ within is the governor of every person's life:

“The government of John, by John, for John and also for the people. Likewise of Mary for Mary , and Tseke for Tseke, Mohammed for Mohammed, - each recognising the principle of unity and living by the Divine and Living LAW written within every cell of the body.

Democracy is only possible when someone lives through their higher mind. To attain to the Higher Mind we were guided by our intuition to create the process of ‘edu-care’, - or education, which means: to draw forth and develop a NEW MIND, which is the Higher MIND IN EACH OF US. The REAL Spirit of us, that we may be in unity with God.

The meaning of Life is to attain unity with God.

*“Let us make man into our image,
after our likeness”.*

ONLY those who had attained to the Higher Mind, could guide others in the same process, and teach them what they had learned themselves through their own lives.

For this purpose, they wrote the scriptures—the *script-yours*. The script, which teaches us how to heal ourselves.

The ‘division’ which still exists to this day between ‘religion’ and ‘science’ is evidence of the political power struggle between the sects who hijacked the script-yours, and used them to form their organisations, and each in their struggle for power, was always at war with the other.

To illustrate the division, we can use the word WAR as an acronym, made up of the words:

‘We Are Right’

...as each ‘side’ not realising that ‘sides’ can only exist in an hypnotic and sleeping state, ‘fights’ for supremacy, and all the while, those seeking to live peaceful lives are coerced by the threats of violence, incarceration and death into participating.

The World still calls out for a *Saviour*! That Saviour is the Higher Mind within each of us, and the sacred scriptures of the Helios Biblia teaches us how to ReGenerate our character by becoming the Gardener of our Minds and attaining Self-Control.

Where we need answers to build harmony in the community to deal with problems arising from community living... Democracy meant, the people gathered and each had a voice to present their

idea as a solution, and then the people voted for the **idea**. The idea most voted for was then implemented...

Members of the community were appointed to implement the solution, and given the power to do so. Over time, those disagreeing with presented solutions started interfering with the process and manipulating it to serve their own purposes... this has over the millennia deteriorated into the present day corrupt system, where the corrupt do not realise they're sustaining the sleep of death, because their greed blinds them to the realities of existence.

Spiritual consciousness reveals that there can be no 'hierarchy' **and** peace as a corrupt hierarchy prevents the peace it claims to be able to manifest.

In a corrupt state, peace is just not possible. The hu-man family must awaken out of its deep sleep, from its lower (666) mind, and re-appraise all its value systems and this is exactly what the early followers of The Way (to life everlasting) did.

*They sifted their consciousness to uproot and totally overcome every idea within them which caused and sustained division, fear, greed, lust for power, sloth, pride, anger, disease and every form of lower mind behaviour that they could attain to the higher mind and experience peace **here and now**, and continue in the ReGeneration of character until attaining full conscious unity with God-Self.*

For democracy to work, each individual must have attained a certain level of **Self**-control and decision making ability, as well

as an awareness of Self-responsibility, knowing every single person is held accountable for their every thought, word and deed which then manifests in their body and daily events... and this is the work and hallmark of **True Religion** and its child: Democracy.

End.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
