APPLIED META-PHYSICS, THE
SCIENCE OF BE-ING AND
KNOWING

LESSON: The Body Temple

As we explore the metaphysical meaning of the scriptures in this series of lessons, each reader who reads and contemplates what they read, should be growing into a deeper knowledge of **SELF** than ever before.

We are taught that our “Body is the Temple of the Ever-Living God”, and in a previous lesson, I discussed how we do not breathe, *God breathes through us.*

As God is omnipotent, omniscient and omnipresent, as well as the sum total of Life, then this means we embody God’s exact

same principles:

“Let us make man into our image after our likeness”.

With every breath we draw, we live. And this term ‘draw breath’ is yet another clue, relating to the process of building our body temple, via the power of the Spirit.

If you recall the analogy of the blueprint overlaid with tracing paper and *thinking representing drawing on the paper...* and breathing is the foundation of thinking, *this is us ‘drawing breath’ and ‘building the body temple’.*

Our forefathers were inspired with pure genius when it came to composing the scriptures, and

their analogies are truly relevant.

They compiled many, many, books with various analogies, yet in the public domain, none compare to the Book of Revelation, the “Apocalypse”, the *unveiling*...

Lets ignore the doomsday prophets, who think ‘apocalypse’ means worldwide destruction. Their error is that what they think, their mind fixes on, and they are prone to producing the fruit *of their own thoughts*.

Apocalypse really means *unveiling*, it means uncovering, discovering, *disclosure*, and what is being disclosed is our real nature.

The symbology in the Helios Biblia is not, as I have stated, contradictory to previous systems of

worship, it is compatible because it was compiled specifically to bind all the various schools of thought *into a unified whole*. That this principle was used to set up a political ‘church’ does *not detract from the original intention*.

The process of *unification* is ongoing, and every day there is a “*parting of the ways*”, as those led astray by the dark forces, and those inspired by the light, each go their own ways... the dark forces to *self-destruction*, and those yielding to the counsel of love and light, *ReGenerating and entering consciously into the immortal stream of Life*.

Our world at present is in turmoil, and there are earthquakes

and storms and flooding, and wars and mass migration, and all these things are the *fruition of the existing ideas held in mind.*

If the world were a woman, we'd say she was in labour...and that is what she is. A New World is being born, as the Light of the Spirit increases and reveals the Wisdom hidden:

“from the foundation of the world...”

...and that Wisdom is the revealing of our salvation.

Salve-at-ion, *salvation is preservation*, and that which we are to be preserved from is death.

Each day is an opportunity to learn more about ourselves, and the potential we have, and act on it to grow stronger, wiser, more

caring, loving and united.

All these qualities are necessary to increase *confidence*... and confidence means 'to know along with' - know along with what?; God.

As we grow Wise, stronger and more loving, these qualities are the result of appropriating *more light*, more understanding. And the result of that, is the revelation of our SELF to our self.

The analogies in the Book of Revelation teach us about the Temple of God—*our own body*.

In the previous lesson I discussed the *Twelve Powers of Man*, as introduced to the world by Charles S Fillmore, reputedly the *wisest* man to have lived in

the last five hundred years. He was also known as the *American Mystic*, and I share some of his insights, because, he is the one author who described in various passages, Spiritual experiences I have had, in plain terms.

I too have had and continue to have numerous and very varied Spiritual experiences, and it is these which provide me with the experience and inspiration to share with you in these lessons (and other works).

So, let us see what the Book of Revelations meta-physically teaches us, about our Body, our 'Book of Life', our "Temple", and also called the "New Jerusalem", which is the 'City of God'.

ALL these analogies refer to our body, “The Promised Land”, we are to take possession of, cast out the degenerate peoples (thoughts -ideas) and renew our behaviour, and enter into a whole new state of consciousness.

The number 12 is a very important number in scripture, not only does it refer to the twelve tribes of Israel, it refers to the 12 planetary houses of the Zodiac (and each tribe is associated with their own house).

Each house is also associated with specific parts of the body... and this is identifying the body with the cosmos. The Hermetic principle of “*as above, so below, as within so without*”, applies here”.

Many people say we are the “microcosm” yet, we *contain everything*, so are in reality the ‘macrocosm’, *projecting everything we are and see*.

In our body temple, the “New Jerusalem” “The City of God” (“The Promised Land”), we have the 12 Orifices of the body. The ‘gates’ of the city on a ‘material’ plane.

Ears (2)

Eyes (2)

Nose (2)

Mouth (1)

Nipples (2)

Belly button (1)

Loins (1)

Anus (1)

We also have 12 pairs of cranial nerves:

- 1. Abducens (VI) - eye movement*
- 2. Accessory (XI) - neck, shoulder movement*
- 3. Facial (VII) - facial expression, taste*
- 4. Glossopharyngeal (IX) - swallowing, taste*
- 5. Hypoglossal (XII) - tongue movement*
- 6. Oculomotor (III) - eye movement*
- 7. Olfactory (I) - sense of smell*
- 8. Optic (II) - vision*
- 9. Trigeminal (V) - facial sensation, chewing*
- 10. Trochlear (IV) - eye movement*
- 11. Vagus (X) - various functions, including swallowing, voice*
- 12. Vestibulocochlear (VIII) - hearing, balance*

While the alphabetical order makes it easier to find specific cranial nerves, the original numerical order (based on the Roman numerals) reflects their anatomical organization and relationships.

These cranial nerves are a set of 12 paired nerves in the back of our brain. Cranial nerves send electrical signals between our brain, face, neck and torso. Our cranial nerves help us taste, smell, hear and feel sensations. They also help us make facial expressions, blink our eyes and move our tongue . They are the ‘interconnectedness’, which enables us to control ourselves.

We also have 12 major bodily systems:

1. *Cardiovascular system;*
2. *Digestive system;*
3. *Endocrine system;*
4. *Immune system;*
5. *Integumentary system;*
6. *Lymphatic system;*
7. *Muscular system;*
8. *Nervous system;*
9. *Reproductive system;*
10. *Respiratory system;*
11. *Skeletal system; and*
12. *Urinary system.*

All these are represented in the Book of Revelation analogously.

As every invention we have invented teaches us about the principles we embody, the 12 are also represented in the legal system.

The 12 *peers* in a Jury represent each of the aforementioned lists, and all of them are *complimentary* in that they represent various levels of control of the human organism, from learning how to harness the cosmic powers, through to tasting an apple.

The word 'Jury' is from the Latin *Jurare*, meaning 'to swear', and the *metaphysical inference* is that when we are aware of the Spiritual and formative *power* of the *Spoken Word*, our words

have greater strength - we 'swear' and are 'bound by them'. (More about the analogy of the 'court room' and its symbology in another lesson). As the millennia have unfolded and the *mist* of time infused the qualities of Spirit into us, more and more truth about our own nature is revealed.

The reality is that there is **ONE** Spirit of life, which men, in their ignorance have set against itself, and by doing so, woven a supposed complexity of ideas in consciousness, which have entangled the mind, confused it, blinded it, weakened it, and is the ultimate cause of all human suffering, sickness disease and *death*. Collectively this lower (carnal) mind is 'Satan'.

What is happening in the world today is a widespread *awakening*, where those who have heard and *felt* the *call* of their Higher Self (Jesus), have responded, and they are dedicated to doing the inner work of aligning their thinking with the perfect *Spiritual* blueprint (Christ).

The result of aligning with our *Spiritual* nature is first inner peace, *then* social harmony, because the blueprint, is projecting its design onto the mind, and many people are perceiving it, adjusting their thoughts, learning the divine Law, and aligning with it fully, thereby increasing their *experience* of inner peace and social harmony.

When one *tastes* God, *drinks the*

Spirit flowing from deep within oneself, one is awakened from their deep hypnosis, and in recognising God within, also realises God is within everyone.

From that moment onwards one is enabled to “*Love your neighbour as yourself*” as the realisation dawns on the mind, that despite the labels and adjectives the carnal mind uses to create and sustain division, *we are one human family*, each a seed of God planted on the earth; each a *Temple of God*. This realisation brings with it a *profound* peace of mind and this peace is:

“The holy city, New Jerusalem, coming down out of heaven from God, made ready as a bride adorned for her husband”.

The Heavens are those of our Minds; the Heavens of the Cosmos, inspiring men and women with the Light and Sound of God. Consequently, the human body, which is the *Temple of the Ever-living God* is transformed:

“Be ye transformed by the renewing of your mind”.

It is the Light of the Ever-living God, that the mind begins to perceive and *live by*.

As we receive the Light, it imparts its *Wisdom* to us, and we are enabled by the Light to become proficient gardeners of our being, doing the necessary work to ReGenerate our gardens, by uprooting and discarding degenerate thoughts-words and behaviour, and cultivating the qualities

of the Higher Mind, and being totally renewed.

The children of this world seek to draw each person out of themselves and make them subject to men made laws and ordinances, not because they have ever solved one psychological issue for the hu-man family, they have not. Rather because they have been tempted by the filthy lucre, and the lifestyle it buys, not realising that in ignoring the *Living Law written within us*, the Decalogue, the TEN WORDS, and choosing a *pseudo law*, they are committing suicide.

Those aligning themselves with the Living Law find that by doing so, the *Living Water* of the Spirit *percolates continually* through

them in *increasing intensity* and washes away degenerate states of mind, sickness, dis-ease, addictions, etc., and the Light of Spirit and its *bliss confirms our body is in reality the temple of the Ever-Living God.*

End.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
