APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

ESSAY: GOD AS LAW

In the Helios Biblia (esoteric name of the script-yours), we read the story of how ‘Moses’ climbed to the top of a mountain and was spoken to by God from a “burning bush” and given the “Ten Words”, which have come to be known as “The Decalogue” or the Divine Law.

The whole story is absolutely saturated with mystical or metaphysical language. And the reason for this is to protect the information from those, who succumbed to the carnal mind and degenerated to such a degree

that the dark psychic forces operating through them would do anything and everything to destroy any information, which may see their (the dark forces) demise.

To the carnally minded, the parables, codes, numerology, etc., are ‘nonsensical’, and so, not seeing the value in them, they concluded that those who read them were superstitious. “weak” and not in any real way intelligent...

The scriptures were passed from generation to generation, although they did *not* escape editing, and censure. What we have today is a collection of texts, heavily edited, yet still containing enough Wisdom to guide the

hu-man family into a greater knowledge of themselves.

IF you are thinking that someone is coming flying across the sky to save you, then you have gotten the wrong end of the stick. The scriptures are *psychological textbooks* teaching us the Laws which govern ***the Way to Life and immortality.***

The stories and the characters, and the names of places in the stories are all analogous to our minds and way of living.

“Moses” is you, is me, in the higher states of consciousness. Likewise his brother Aaron... and all through the scriptures, *the*

names of characters are teaching us our own nature.

We are to read and *apply* what we learn, so that we can SEE life differently, and when we SEE it differently, we KNOW differently, and when we KNOW differently, we ACT differently and when we ACT differently, we attain PEACE, here and NOW on earth.

In, what some would consider an ‘apocryphal writing’, a Wisdom book, Moses is made to say:

***“Men shall be ruled by Law,
not by the wills of other
men”.***

This is because the ***Decalogue
is the Doorway to Everlast-***

ing life... the idea of death and death itself is sustained in the world because men deceive themselves into thinking they can ‘make laws’, and then because they have deceived themselves, they continue the deceit by thinking because they ‘make laws’ they are somehow above them. *Consequently*, they disregard the Living Law written into every cell of the body, *and so they commit suicide.*

The *message* of the Helios Biblia is that every person’s body is their **Book of Life**, and the human family *only* finds peace of mind when each individual is in alignment with the Living Law. The Living Law reproduces with-

in each person the *fruit of their thinking* and holds each responsible for their *every thought, word and deed*.

When men think they can disregard the Living Law and make up their own, they are committing suicide, because the selfishness and greed they build into said 'laws' is written into their own cells and the real, Living Law holds them responsible.

THIS is the absolute Genius, irrevocable and immutable of the Divine Law, that of sowing and reaping, cause and effect, ***with-in us***, and no one can or ever will escape its judgement acting on their motives.

That the Law is written within everyone is...

“the Truth which makes you free”

...because one person need not be concerned about the actions of another. God, as the Law, is always working and holding every single person responsible for their own thoughts-words and deeds.

“What about all the crime?” People ask. Well, the answer to that is simple. Those who claim to be the guardians of the scriptures and God’s representatives on earth (yet are not) commit the greatest crime of all—for they do not teach and demonstrate the power of the Decalogue, for with-

in its teachings it has the power to eliminate all division and hatred and crime from the face of the earth—because it **IS** the **DOORWAY TO EVERLASTING LIFE.**

Their sin of *omitting* to teach and *demonstrate* the power of the *Living Law* has given rise to the supposed ‘need’ for ‘more laws’, which men, drunk on their hubris, think they can write.

The reality is ALL so called ‘men’s laws’ are written in total ignorance of the Law written within the DNA, they are written in hubris, written in ignorance that they preserve the very suffering that they promise to create

'justice for', yet, the reality is that ***ALL men's laws sustain the division, greed, anger, fear, hubris, pride, lust, gluttony and sloth and many more degenerative characteristics of corrupt men.***

ONLY the Law written within can, when one lives in alignment with it, solve crime, and create peace on earth.

“Peace on earth through the expression of good will (God’s will, the Living Law) to all”.

EVERY in-vention the human family has brought forth is the action of the Divine Law inspiring the inventor so the whole human family can benefit from the

inventions itself and from comprehending *each invention represents a principle within us.*

No one can 'own these inventions', they are for the *common good*. Their purpose is to guide us in the ReGenerative process and to renew our motives in life.

The Divine Law is THE LAW OF MOTIVES, it is completely integrated throughout our consciousness, constantly monitoring our motives, our every thought, word and deed... and we can no more separate ourselves from the Living Law than we can from our breath.

Indeed, as I have stated in previous essays: **We do not breath**

God breathes through us.,
and God IS the Law working
through the events of our lives to
teach us, what *we need to know*
in the best way.

When we are taught that “all
men are equal in the sight of
God”, this refers to the Living
Law, producing in each person’s
life the fruit of their *motives*, ex-
pressed through their thought-
words and deeds.

One may be tempted to think in
this materialistic world that
men’s laws are real...and the dark
psychic forces of the Race
Thought Atmosphere are con-
stantly at work to sustain the
idea that they are. Yet, the reality
is they are a system of suicide,

promising ‘life and liberty and the pursuit of happiness’, ***yet they sustain division, sickness, disease and death by blocking man’s understanding of the true cause of corruption: separation from God.***

Aligning and communing with God’s Law does not ***only*** change one’s motives in life, ***it changes everything; who and what we are.***

We are transformed from ‘offspring of Men’, into ‘offspring of God’.

“Therefore if any man be in Christ, he is a new creature: old things are passed away; behold,

all things are become new”.

“Be ye transformed by the renewing of your mind”.

And this *renewal* is the *result* of each of us evolving as we tap into *the true essence of who and what we are*, and consequently, we shed the carnal mind, as a snake sheds its skin.

EVERYTHING written in the scriptures, which has not been corrupted, has the purpose of teaching us our own nature, and how everyONE of us can align with the **bliss** of our own nature and experience the abundant life, the **scriptural revelations** were shared to teach us about.

God as Law:

I AM the Lord thy God, thou shalt have no other Gods before ME.

You shall not make for yourself any graven image.

You shall not take the name of the Lord your God in vain.

Remember to keep holy the Sabbath day.

Honour your father and your mother.

You shall not kill.

You shall not commit adultery.

You shall not steal.

You shall not bear false witness against your neighbour.

You shall not covet your neighbour's wife, or his manservant or maidservant.

The spirit of God is breathing through us... we are to bear this in mind at all times, and in doing so, we will dissolve all erroneous ideas of separation from God. It is this Spirit alone which is the source of Life and of every succour we seek.

No graven images—we are not to restrict the omnipresent to any particular object. God IS “All in ALL”.

The ‘Name’ of God is THE WORD, we are to guard our words and avoid deceiving ourselves into thinking we can speak and somehow not be held responsible for our own words.

The Sabbath is a weekly reminder of the purpose of life, life’s goal, is to restore ourselves to the state where we are at rest

with God in conscious unity with God.

Honour you father and your mother—Spirit is our father, ‘flesh’ is our mother. These principles embody thought and emotion, mind and body, and we are to honour each and cultivate their unity.

You shall not kill/do no murder. God is omnipresent, LIFE is an omnipresent principle, there is no reality in death, and one cannot alter that.

Thou shalt not commit adultery. We are to live by the purity of the teaching, not adapt/adulterate it for selfish purposes. We are to align ourselves with it, so it can transform us.

You shall not steal. EVERYTHING, including **US**, ‘belongs

to God'. We cannot own anything, simply because, in reality, we are not even our own!

This Wisdom was first demonstrated at Antioch, where those filled with the Spirit lived in communion with God and community (common-unity) with each other.

Our body is our book of life, whatever is written into the body, as us, IS US. We are to read our body and be true to it, learning the lessons and make the necessary changes on our way to perfecting our character.

My body is *evidence* of my character... *yours is yours*. Our body is our Spirit's 'wife' and the other characters are aspects of living. As we progress in the ReGeneration, we are to be true to our own

inspiration and not be drawn out of ourselves into the world by the lure curiosity, fascination, glamour or any other sensual desire, which denies the expression of Wisdom and Love—which are the two qualities absolutely necessary for individual peace of mind and social harmony.

The Divine Law is ‘*written*’ (*emotionally*) on “two stones”: the heart and the mind.

Some points I have shared here, I trust will encourage the reader to go read the original story in The Bible (yes, this is also a valid name discussed in other lessons) story and internalise it, and know that the Burning Bush is the Solar Plexus/The Heart

Chakra, the Urim and Thummim (Lights and Perfections of God) and Moses is each person 'drawn up out of the water' *of the flow of life*, experiencing daily living, seeking the Spiritual foundation of God, and encountering the inner spiritual powers and forces which illumine his mind—and this is exactly the journey each of us is on.

There is much more to the Living Law, I shall share in other essays later in the Lenten season.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
