APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

ESSAY: IDENTITY

The intellectual definition of ‘identity’ is: “The distinct personality of an individual regarded as a persisting entity”.

Like all intellectual definitions, this is inadequate, although on the surface it may appear adequate.

Nothing in this world of appearances is an entity of its own. Everything is a projection of consciousness, burned into the film of the mind, projected from it, by the Light of the Spirit, onto the omnipresent aether, which acts as a 3D screen.

Some people call this projection, ‘the Matrix’. This whole world is a series of matrix, or holograms within holograms.

A hologram is a ‘photographic’ entity, which, when light shines through it, a 3D image is projected. It is a recording of an interference pattern that when illuminated, projects a three-dimensional image, appearing as if the object is really there.

ALL these descriptions, matrix, hologram, world of appearances are *effects*, they are the results of the Light of Spirit, where the Blueprint exists, shining through the mind, creating what we call the ‘World’.

Our identity, our real Self, is

Spirit. Our Spiritual Self ALWAYS is in the Spiritual realms, it is our consciousness. Our ideas of materiality, are the result of the mind having wandered far from the truth, and got lost in the world of the senses; the more involved a person is in the world, the weaker their connection to Spirit.

It is this separation in awareness from Spirit, which leaves everyone feeling empty. A feeling, every person is seeking to overcome, to full-fill themselves, or rather fill themselves full, with consciousness of the Spirit.

Where Spirit is missing from consciousness, there is no peace, no wholeness, simply because wholeness is peace, and there's

no peace where one is not consciously aware of the Spirit of Life, which animates us.

This Spirit of Life is the breath of God! It is Yahweh.

In the Book of Genesis, we are taught that God said “Let there be light, and there was light”... and that the light appeared before the ‘creation’ of the ‘sun, moon and stars,’ so some literal readers think that Genesis must be wrong! They do not realise that the Light Genesis speaks of is the Omni-present aether, which is the consciousness of God made manifest, and which is the ‘screen’ for projecting the world onto.

There’s also other meanings,

each relevant depending on the level of Spiritual evolution the reader has reached.

When God said “let there be light, and there was light” the light is *intelligence*, meaning, a message.

The instant someone reads the words and *comprehends* their meaning, the intelligence the words encapsulate permeate the mind of the person reading them and instantaneously “there was light”. Their comprehension is according to the receptivity and capacity of the reader.

The Books of the Helios Biblia (which many people call ‘the Bible’) are teaching *Spiritual Science*, they are teaching us about

Life, and how to harness the power of Light and Life within us, order it, and express it with Wisdom (Intelligence) and Love (Unity).

These books (and many, many more) were written by Spiritual *adepts and seers*. A Spiritual adept is one who has invested the necessary time and effort into understanding her/his God-self, and living by the Spiritual Wisdom revealed as practical for daily living.

ALL Science is seeking Truth from an intellectual perspective. ALL *genuine* Spiritual teaching or Science, is expounding the Truth Science is seeking.

The Spiritual Science expounds,

using the language of the people who dis-covered it. Notice dis-covered, not invented. We discover things which are True and absolute, whereas, we in-vent ideas and things, which are representative of the principles we all contain within.

A chasm exists between the intellect, the seeker/the scientist in the material realm, and the emotional intelligence emitting from Spiritual consciousness and feelings. Our task is to meld the perception of the intellect and the emotional intelligence, which *feels our Soul, and God, and learn how to balance these and perfect our character.*

The writings contained in the Helios Biblia, are allegorical,

they are teaching us about ourselves on many levels. Unfortunately, the information has been corrupted or misrepresented, as has the collection or writing's purpose.

All of this was *foreseen* by the adepts and seers, who wrote these Books. Why did they write? *They wrote because the Word, carries Life through the mist of time.*

The Spoken Word is life. Oral traditions are very powerful because they contain the breath of life. Yet, the oral traditions had the Race Thought Atmosphere to contend with, which the adepts and seers saw was causing the human family to fall deeper and deeper into the hypnosis of ma-

terialism.

There was a time, when the truth of the process of life was known to be one of *ReGeneration*. Where it was known and understood that because of eating the fruit of the tree of the knowledge of good and evil, that is perceiving life according to personal, instead of universal values, that Life was a process of working out one's salvation, and restoring unity with God.

Every hardship was weathered in this state of mind, every day invested to make life better for *the next generation*, and to assist them to understand this world of appearances and how to live in it.

As the dark psychic forces of the

Race Thought Atmosphere intensified, people began to lose sight of this process, and became glamoured with the world, and instead of assisting one another, the Race Thought Atmosphere poisoned their minds, and they began to *compete and fight*.

This process is *foreshadowed* when Can killed Abel.

The writer or writers of Genesis was/were (a) seer(s), (were seers)... they forecast the creation of Adam on the SIXTH day. *We are according to that time scale in the sixth day.* We have been shaped out of the earth, we have received the breath of life (are now in conscious communion with the Spirit), now we are working every day to be found

worthy of attaining to the bliss of Soul consciousness.

A similar situation exists with the ‘Gospels’, the ‘God-spells’, those *magic* incantations, which enabled the followers of the Way to dissolve the ‘spell’ of the hypnotic trance of the Race Thought Atmosphere, *and awaken into an experience of their true identity.*

“... and without a parable spake he not unto them: That it might be fulfilled which was spoken by the prophet [Joel], saying, I will open my mouth in parables; I will utter things which have been kept secret from the foundation of the world...”

Even the story recording the crucifixion is a parable, related to the time frame given in Genesis, where God creates the world in ‘six days’ and ‘rests on the sev-

enth. The translation of ‘rest’ is poor, a better rendering is that “God caused his *repose* (Spirit) to come upon the earth”.

The two thousand years since Jesus’ message are the ‘two days’ where Jesus is ‘on the cross and in the cave’ (remember the cross is the 777 plane of consciousness, where we overcome and cross out degenerate states of mind) and he is buried (the Word is concealed in parables) After these two days of being crucified and buried, He rises “early on the third day”. Meaning, the parables bear the fruit of their Wisdom 2000 years later, for us to live by.

THIS New Millennium is “early on the third day” when the Word (Jesus) rises from the cave,

which is the subconscious realms of the mind, *after the stone of materialistic thinking is rolled away...* and Christ Jesus resurrected is the indwelling Spirit, the mind of Christ, which empowers us, and enables us to overcome death.

“Let this mind be in you, which was also in Christ Jesus:

6Who, being in the form of God, thought it not robbery to be equal with God:

But made himself of no reputation, and took upon him the form of a servant, and was made in the likeness of men:

And being found in fashion as a man, he humbled himself, and became obedient unto death, even the death of the cross.

Wherefore God also hath highly exalted him, and given him a name which is above every name:

That at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth;

And that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father”.

The resurrection is *inner*. It is a change in identity from ‘child of this world and its systems’ into ‘Son of God’.

This rendering [and there is much more] makes complete sense, and is in complete alignment with the other teachings, where we are told:

“...In the last days, God says, “I will pour out my Spirit on all people; your sons and daughters will prophesy, your young men will see visions, your old men will dream dreams”.

The Spirit resurrects us, from thinking we are “worms of the dust” or “we die if we do, we die if we do not...”

Also in the Book of Revelation, which is the revealing of our True Nature, we read:

“...Neither shall there be any more pain: for the former things are passed away.”

Where the Spirit of the I AM, of God consciously flows through us, it saturates the flesh and makes it *impossible to suffer*.

The suffering *had* a purpose; *to awaken us*. When we are awake and living by the Divine Law, we are in alignment with the Truth of Life, and suffering is no longer a consequence.

Our Body, our Book of Life, *is the*

“Promised Land”, it is the ‘third temple’ many people are waiting in anticipation for, to be built.

WE build this Temple through ReGeneration.

Previously, we acted in ignorance of the reality that the Decalogue Lives in us, and is the ‘Doorway to Life’. Now, as we align ourselves with it, we are guided into a True understanding of our real identity, our ‘I AM’. When we re-connect with our ‘I AM’ (Jesus) the I AM within us, empowers us to understand the deeper import of, and live by the LAW.

So much of ‘living’ is taken up by people fighting and warring, and hating their neighbours, simply because those doing so are ignorant of the fact that the Divine

Law is written within every cell of our body, into our DNA. They have decided to make their own 'laws' and in doing so, disregard the Living Law, *and this is slow suicide.*

When we look in the mirror, we do *not* see our True identity, we see who and what we've become, *as a result of the influences of the Race Thought Atmosphere*, which includes all the degenerative thinking the human family formed and lived by, and which *we are to overcome.*

Then, as we work to overcome the degenerative ideas, our True identity shines through, *that we are each the offspring of God.*

Every Book of the Helios Biblia, from Genesis to Revelation is

teaching us about ourselves, our minds, our bodies, our Spirit and Soul.

Likewise other ancient scripts...

There is no contradiction in the essence of meaning from the ancient writings, of the Bhagavad-Gita, or the Vedas, of others sacred texts. *There **is** an evolution of language, which has created the appearance of contradiction to the casual observer, yet deep study confirms the same thread of Truth running through them all.*

It is due to many people not receiving the Spiritual nourishment they required that they have turned away from the political organisation posing as the 'church' and sought answers in

the Wisdom, which **seeded** the church. There is no counter argument, because **WE IS ONE**, and any argument *sustains the concept of schism* in the minds of those presenting it, *where none exists*.

The ‘church’ are ‘called out’ (ecclesia) of the Race Thought Atmosphere to clarify their minds, heal their bodies and unite with God in the Gift of Life. As we learn, the more we awaken. The more awake we are, the more power ‘to do’ we have, and this comes with an increased sense of response-ability, as we live life, and as the fruit of the Spirit is SELF-CONTROL. The search for God is the SELF *calling* to us, to reveal itself, in us,

through us, to turn the suffering caused by ignorance into joy natural to SELF and intended for LIFE.

“...These things have I spoken unto you, that my joy might remain in you, and that your joy might be full”.

When we are in alignment with the **GOD-SELF**, our words are charged with Spirit. The flow of Spirit through us, produces *Grace* (Joy) and this is **power**, not just ‘feelings’; this power issues as a result of *direct at-onement with God*.

As our I AM speaks, our words are charged with Power... as a person listens, they receive that power, which when it bears fruit within them, they too, in turn mature and make the connection

consequently charging their words with power. The power issues from the Spiritual body/Holy Spirit, which is our True identity, and when we feel this power we experience ecstatic bliss *words do not exist to describe*. When we are in this state, we are immersed in the omnipresent Kingdom of God, and its flame, the Shekina glory burns in our hearts.

This is the realisation and True identity, we are all consciously or unconsciously, seeking to make manifest.

It is:

“Christ in you, your hope of Glory”.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
