APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

LESSON 16:

The Sleep of Death

“But Jesus said unto him, Follow me; and let the dead bury their dead”.

As we look around us, at the state of the world, the division of the earth into ‘countries’, the exaltation of some seeking to ‘rule’ these countries, and the resulting heinous crimes, wars, and inhumanity, the profiteering, the physical rape and torture as well as the continued rape of taxation, every sane person knows *that everything can be better, that none of this is necessary.*

RIGHT HERE it is essential to understand people behave the way they do because they are in

the sleep of death, as a result of being hypnotised by the Race Thought Atmosphere.

What has happened is that the Race Thought Atmosphere has totally hijacked certain minds darkened them and controls them, and drives them to do what they do... because the dark forces have persuaded them that 'death' is inevitable, when the contrary is True. ***Everlasting Life is inevitable***, after people awaken out of the sleep of death.

The sleep of death is where the persons involved are totally convinced that 'death is inevitable', that no one can know what happens after death, and nothing we do 'here' can influence what happens 'there' if a 'there' exists!

This is the sleep of death. Contrary to this, the scriptures teach how to awaken *here and now*

and know ourselves more deeply than ever before.

When asked what happens to a person's consciousness at death, Stephen Hawkins answered as follows: "When someone dies it is like switching off a computer. I do not believe there is a heaven for computers. I think the after-life is a fairy tale for people who are afraid of the dark".

He mentions the 'afterlife'. When the more correct word is: 'hereafter'...*and this is a very important distinction.* Here-after, means: *Here, where we are now, **after people awaken from the sleep of death.***

The very act of not believing, debarred him from ever discovering the higher mind, or unity with God, *within himself*—the results were then made manifest.

LIFE is the process of the *magnification of* and the *bearing the fruit of the* motives of our hearts and minds *in our bodies*. If one seeks to disbelieve, they debar themselves from ever finding God, *even though God is the very power they use to deny God*.

Denying the existence of God, is like using one's breath to deny that breathing exists; *or using words to deny that words exist! Just because the person cannot feel God's presence*.

In the case of Mr Hawking, his life bore the fruit of his thoughts. He compared the totality of life to a computer, and ended up relying on the computer for mobility and communication.

Yes, the invention of the computer teaches us an *aspect of our composition, yet the part is never the whole*. He, (like the vast

majority of the hu-man family), did not seem to realise that our body is our Book of Life; it is a *living record* of the thoughts we think and, the words we speak, the food we eat and drink and all the experiences we have.

EVERYTHING is recorded within us, **as us**. According to the 'measure' of 'time', our thoughts take 'time' to manifest... yet, even this can be accelerated where there is increased understanding of our own nature and the Wisdom and Love, which enables us to handle the greater powers of the Spirit and accelerate the process of manifestation by understanding the Divine Law *and by living in alignment with it*.

To start to discover the Spiritual realms of consciousness, one can, with little training, learn how to astral travel or do remote

viewing. One can leave the body in many different ways... pass through the *mist* of time, and have many other Spiritual experiences. Each of which expand the consciousness and *prove to the individual*, that life is an omnipresent and omnipotent principle, and that "*there is a natural body and a spiritual body*" and that our spiritual body is our blueprint.

To illustrate the self-limiting effects of the sleep of death, take a large sheet of paper the size of a broadsheet newspaper. Cut a vertical slit in it, one centimetre wide and half the height of the sheet. Hold this up at arm's length and look at your surroundings through the slit.

Your view is very limited. This is a fair analogy to describe the limitations of selfishness and ignorance of personality. The mind

focusses on what it can see through the slit and its perception is blocked; severely limited.

This is exactly what is occurring in the world right now... those who can only see through a slit, have manoeuvred themselves into positions of so called 'authority' and used lies, deception, violence and fear to maintain their positions, and allowed their limited perception and greed to dominate their own lives, and forced their way of thinking onto those they seek to control.

The unfortunate thing is that so many people are seeing through a slit, that they subject themselves to those who claim 'authority' and do their dirty work for them.

ALL of this is evidence of how deeply the Race Thought Atmos-

phere has hypnotised the human family into accepting the ‘reality’ of death, and blocked from their vision the Spiritual panorama, which is awaiting recognition by every person; That *panorama* is Everlasting Life!

So, in the parable, where Jesus (I AM) says “...and *let the dead bury their dead*”. He is stating that those who have not made the effort to go within and identify with the source of the gift of life are dead already, and they shall bury those who did not unite with the source within themselves either. As ‘time’ is an illusion, “the dead bury the dead” because that is *their inward state*. Having no awareness of the Spiritual source of life Jesus calls being “dead”.

There are more layers to this parable, relating to our vocabu-

lary, where we are to recognise and eliminate completely all the words which sustain sickness, dis-ease and death from consciousness.

So, a person can be 'dead' and still walking the earth, and amass great fortunes, yet, they are really dead because they have not sought the source of LIFE *within* themselves.

The man is then told to follow Jesus, that is, the I AM within, and continue in the process of ReGeneration.

There are two states of mind, alive or dead. The 'dead' is the mind hypnotised and immersed in materiality. The alive *is aware of its source in Spirit*. There are also degrees of the sleep of death, as there are degrees of the Light of Life.

The first chapter of Matthew teaches the degrees of consciousness from “Abraham, through to Christ”, *and each is a step in the evolution of our own consciousness and the overcoming of death.*

“I AM, the resurrection and the Life!”

...refers to the ‘I AM’ within us all, calling from *deep* within each of us, until we acknowledge it, and *receive its power* and start to ReGenerate.

ONLY through the Light and Power of the Spirit is the intellect released from the sleep of death. There is no other way. We must all come into an intimate knowledge of our *True Self* and live from it.

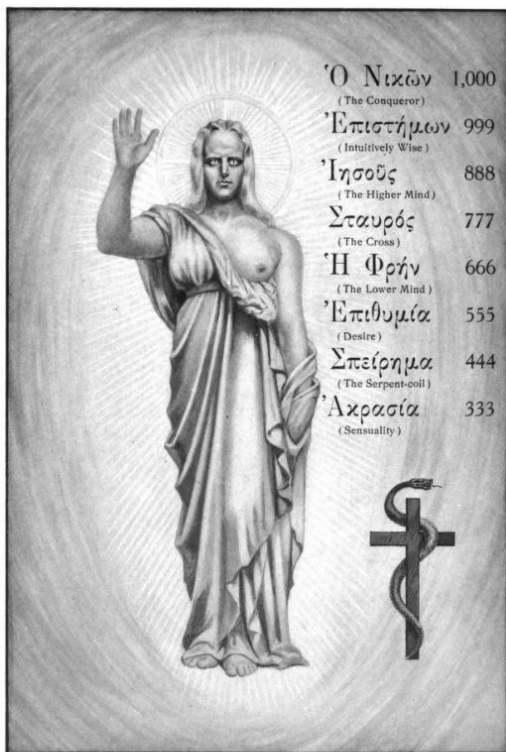

It is through attaining to the higher planes of mind, we purge the degenerate behaviour of the

lower (666) and carnal mind, and consciously *experience* the flow of Spirit which liberates us from the lower mind's and, the Race Thought Atmosphere's influences.

THIS is how we and this world are transformed, from the HEART of every person, learning how to reconnect with their Spiritual source, and this is the *real* start of being “**born from above**” and if you see the following chart you will see the numerology and the arrangement of the various planes of mind, with the sensual mind the lowest, after the 111, and 222 of establishing a new incarnation. Being the lowest, 333 is represented by the feet, where we connect via the senses with the world of appearances, and the Conqueror being at the Head as the Spiritually illumined intellect is married to

Ἡ Κλεῖς τῆς Γνώσεως
(The Key of the Sacred Science)

the emotional intelligence and the individual is consciously flooded with the *Light of Life*. Hence, we are born from **above**, by being immersed in the Spir-

itual outpouring flowing from the Higher (888) mind.

As we “put on Christ”, WHICH IS OUR REAL NATURE, we shed the carnal mind as a snake sheds its skin.

“Let this mind be in you, which was also in Christ Jesus”

NONE of the parables or teachings in the Helios Biblia/Bible, or any other sacred text, can be *honestly* interpreted as meaning we go to ‘heaven’ after death.

IF that was the case, there’d be no purpose in those who were inspired to write thousands of pages of spiritual teachings, urging us to change our character, here and now.

The reality is that the technology and **every** in-vention we have ever invented proves that were

the minds of those who call themselves 'leaders' not fast asleep, in the sleep of death, we would already be living in a far superior state.

There is more than enough for everyone, yet, their severely limiting, ignorant and selfish outlook, and their desire to control everything, because their minds have been hypnotised by the Race Thought Atmosphere, limits their perspective, so they only see through a slim aperture of selfishness, deprives them of comprehending the panorama and absolute beauty of LIFE *and our immortal nature.*

Here's the crux of the matter; they are so deeply ensnared in the hypnosis, they *do not see through the slit*, they are too busy *projecting the ideas the Race Thought Atmosphere has*

infected their hearts and minds with, through the slit, so they cannot perceive the absolute beauty all around and, especially within us ALL.

As long as this 'sleep of death' dominates the Race Thought Atmosphere, just as long shall the hu-man family be divided and suffer.

On the other hand, when the Spiritual power flowing from *deep within us*, animating us, is *tasted* and empowers each person to participate in the transformation called *ReGeneration*; and overcome the *sin* of division, then the Kingdom of God spread all around us becomes evident, and there will be a widespread realisation that *we do live and move and have our being in God.*

ALL those seeking Truth, must

seek within. When the heart and mind are sincere and ready, the Living Water *wells up within consciously connecting the Spiritual body to the natural/physical body.*

When this happens, one has a foundation, a Spiritual and unshakeable rock of the foundation of Faith, because their mind has pierced the veil, and their whole being has *become immersed in the Spirit of God.*

This *taste of God* transforms the whole consciousness, and becomes, from that moment onwards, the foundation for the total transformation of character, out of the lower mind, into the higher mind; *out of the sleep of death into the Light of Life.*

When the Spirit guides you as you mature into the Light, the important questions necessary

for your own ReGeneration will come to you, and *you will be guided in The Way, by the I AM within you:*

“But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you”.

The greater powers of the Holy Spirit are *within us all* constantly guiding us, out of the ‘sleep of death’ into the Light of LIFE.

“I AM the resurrection and the LIFE”.

The I AM is animating everyone and seeks to impart to everyone the Spirit of life in abundance:

“I come that you may have life and have it abundantly”.

Not: ‘believe in me and when you die you will go to heaven’.

The former enables us to embody

Heaven here and now, and the
latter sustains the sleep of death.

*“Awake thou that sleepest and the light of
Christ shall shine upon thee”.*

End.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
