# APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

## ESSAY: UNITY

**“Peace on earth through good will to  
all men”.**

Everyone loves the idea of ‘world peace’. Yet, how few are willing to make amends with their neighbour, forgive each other and establish that peace...!

So far, it appears that while many love the ideal of peace, few have been, until now, willing to reconcile, which is essential for that to happen.

A few think some messiah is coming flying across the sky and is going to put his friends on one side and his enemies on the other.

This is a mental delusion. ALL references to the coming of a messiah refer to the renewing of the mind and the Christ consciousness, coming through the clouds of mental confusion, to create clarity where there was none before.

Should a messiah come flying across the sky putting his friends on one side and his ene-

mies on another, he will be the biggest despot in the history of the hu-man family. Bar none.

IF someone does come, why did he wait? Why when people were screaming in agony, and caught up in wars, did he not make himself apparent to the world and stop all the fighting?

Yes, I'm aware of reports where people claim to have seen him manifest during a war... then why so selective? No, we are not all being tested, to see if we are faithful to a saviour concept... and the questions I have posed are all rhetorical.

We are not to wait for a messiah, especially when we are taught: "Now is the time of salvation".

NOW is the time for me/you to choose to participate in the ReGeneration and treat my neighbour with kindness and love.

Now is the time for me to Love God with all my heart, soul, mind and strength... now is the time for me to "do unto others as I would have them do unto me".

"Be ye transformed by the renewing of your mind". We are to ascend into the higher consciousness where we recognise our UNITY,

## ***here and now.***

What is preventing, and has prevented this from happening in the past, is the division we live subject to and this division is sustained by the dark forces of the Race Thought Atmosphere sustaining the ideas of division, which has fragmented the whole hu-man family.

Our salvation, is our preservation. It is being open to the Spiritual power within us, drinking it, so to speak, and living differently by its transforming power.

When we ascend into the higher states of consciousness, we leave the lower states behind. Many people claim 'higher consciousness' yet they invest their whole lives talking to people so they can accumulate money, the symbol, which reveals they are in the lowest planes of mind, the carnal mind, the 666 lower mind.

Money is a symbol teaching us a set of principles active within each of us... those who accumulate it know nothing of these principles, they've been hypnotised by their fear and greed into accumulating more and more money, and they've become drunk on the egregores of filthy lucre, and of power, which rules their whole lives.

While appearing 'rich' to the spiritually blind ,and also to the materialistically minded, who seek to be like them, they do not understand how, their interaction with money is written into their body and causes degeneration where money is not handled with due respect for its meaning and purpose.

The evidence displayed by ALL those in the higher consciousness is that they "hold all things in common and no one calls anything in his possession his own". This is the evidence of the minds in whom the higher consciousness is active and dominant.

To a measure the early priesthood established this. Now, the politicians posing as priests and those they have duped after they've joined their organisation are divided... into 'laity' and 'priesthood', when the teaching they claim to follow clearly states that ALL become priests, and sons/daughters of God.

Not, as it is presently, where the 'laity' do all the work and finance the political organisation posing as 'church'. All the while they do not demonstrate or teach the Kingdom within us all.

Once again, it is essential to understand that the division in the world, the fear, the greed,

the violence, are all the fruit of the ideas the Race Thought Atmosphere has sown into every person's mind as they were growing up.

Any teaching which seeks to liberate the human family, must demonstrate a logic that results in kindness, compassion, caring and UNITY.

We are not on earth to 'cope' with the situation. We are not here to learn 'spiritual' teachings, which enable 'us' to live better, while our neighbour suffers. NO.

Our purpose is to regenerate the way we live, and totally transform it. Everyone included. For this to happen we must awaken within us the higher faculties of the mind, and, learn how to express ourselves through them.

We must know the operation of the Race Thought Atmosphere and its egregores, demons, jinn and fallen desires and know how to overcome them.

We are to mature, into Christ consciousness, and allow the Light within us to radiate and heal us, **and** radiate into the world and heal our relationships **and totally** transform the way we live.

This inner Cosmic LIGHT connects everything. It is the very basis of UNITY, and how we attain this is through understanding, and we attain understanding through the faithful use of words, that is words charged with the Light of the Spiritual world, working within us to transform us.

As the Words radiate their Light within us, springs of energy within us, previously hidden from us, are revealed and it is these we are to drink from to renew ourselves.

The Spiritual power emanating from the light is illimitable. It transforms everything it touches into its own nature, and the feeling of this is pure unadulterated Love. A feeling of ecstasy so profound, words do not yet exist to describe it.

When an individual experiences, even a taste. Of this inner Spiritual power, they will **know** that **everyone** has the same hidden springs within them too.

We are as the cells of ONE body... what I do to 'others' is written into my own body. My thoughts and behaviour towards you determines my health. IF someone is ugly to another person, that ugliness is also written within them.

This is why I have stated that the “‘messiah’ is in the mirror”. Our body teaches us our state of mind.

Everything revealed in any genuine ‘sacred’ text is teaching us how to transform our own nature and become in-dependent. Our peace of mind totally depends on each of us recognising and living by the reality of our UNITY. Our health depends on our recognition of each other as equals, and on us understanding that degenerate behaviour towards ‘others’ is written into our body, causing its degeneration.

ALL violence is so called because it violates the Living Law written within us, and our body holds the record. We can by realigning ourselves with the Living Law, ascend into the higher planes of mind, activate its faculties and live by their Light. The Light of the Higher faculties are immune to the degeneration of the lower mind. The Light radiating from them flows through us, increasing the voltage of the cells of the blood, charging them with Light and aligning them with the blueprint of our Spiritual body.

This is how we “put on immortality”. As we are transformed, we begin to see the world as it is, not as it appears to the perception of the five senses.

“And the city had no need of the sun, neither of the moon, to shine in it: for the glory of God did lighten it, and the Lamb is the light thereof”.

This is the omnipresent Light of which the sun and moon are transducers/reflectors. And it is limitless. It is the True Uni-verse, the True Song of God, the True One Song, the foundation of everything, the quantum field, the screen onto which God is singing into manifestation, this world of appearances, in and through us.

The atmosphere in the world now being made manifest is LIGHT, and everything contained in this atmosphere is permeated with LIGHT and fully integrated with it, experiencing a peace, and bliss and joy, which is the essence of our nature.

It is called the Kingdom of the Heavens, because the veil of materiality has been rent, and the darkness of ignorance is forever dispelled, revealing the True nature of our uni-verse in and through us all.

“From et-ernity, through time and space to et-ernity” reads the header on Applied Meta-Physics, because it is the science which recognises the et-ernal nature of existence, teaches

how consciousness is a garden, how everything manifest is sustained by an idea and thought form growing in the garden of each person's mind, and reveals the method to become the gardener of the mind, to regenerate it, overcoming the material thought-forms, which have prevented the hu-man family from realising its true nature as offspring of God, and restoring consciousness of our et-ernal nature.

The hu-man family has suffered indescribably. Members of our family are suffering indescribably as you read this, because other members of our family have been hypnotised by the Race Thought Atmosphere and its darkened forces and used to inflict the torture on others.

The ONLY way out of this web of the Race Thought Atmosphere is to purge it of all evil, of all degenerate thoughts, of all base desires and the ONLY way to achieve that is through the Light of God, we all have access to via the spoken Word.

Our environment, is environ-ment, 'ment' is mind, as 'govern-ment' means 'steering the mind'. 'Environ-ment' is the three dimensional space we live and move and have our being in, ***furnished with the ideas of our own minds.***

ALL suffering, sickness, dis-ease and death is due to the lack of UNITY, and this is the result of everyone being immersed in the dark forces of the Race Thought Atmosphere at birth and forgetting themselves as they've grown up and become more materialistic. So, we are to be “born from above”, we are to receive the light of the 888 higher mind, and the way we do that is taking up “the Cross” and crossing out of mind every idea the Light of Wisdom teaches us is detrimental to our well-being.

Our well-being, *our well-of-being*, is the hidden stream within us, which increases its flow when we are in alignment with the Living Law and do no violence.

What is violence? Violence is any thought, word or deed which violate the principles of the Divine and Living Law and, which causes the hu-man family to remain in the sleep of death.

Wherever men ignore the living Law, which guarantees our UNITY, and write their own ‘laws’ and delude themselves into thinking they are ‘above the law’ they deny our unity and sustain the sleep of death, which results in degeneration, suffering and death.

Awakening restores UNITY and peace.

**Applied Meta-Physics** is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are metaphysical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

**Applied Meta-Physics is the Key** opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
