APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

ESSAY: SOWING & REAPING 2

We are each an integral part of this UNI-VERSE; Uni=one, verse = song, the One Song of Creation. What we call 'Universe', some of our brothers and sisters call the Bhagavad Gita, which when translated means: "Song of God. The same observation, described in different languages.

The point I AM making is that all genuine spiritual teaching is the same, and comes to us in various languages.

From the onset, I have stated that 'science' and 'religion' are one. Religion teaches the spiritual and mental aspect of Truth and science confirms them.

It can be no other way, because whether a person calls themselves 'religious', or a 'scientist' (or both) each is observing and studying the SAME UNI-VERSE.

Variances only exist through use of vocabulary, through misunderstanding and the emotions, which arise from them. For thousands of

years the dual forces of this plane of activity have driven people apart, and slowly their thinking has become more material and concretised, or crystallised in each mind, without each adherent to a particular language, understanding the unity of ALL.

Whether the division has been fabricated deliberately, as it is in some cases, or whether it has arisen through ignorance, matters not. What matters is that we understand that dark forces exist, that they have entrapped the minds of the hu-man family, divided it and set each 'side' against the other.

"A house divided against itself cannot stand" - Jesus (I AM).

The reality is that "I AM" cannot be divided, all appearances of division are a mental delusion, a form of insanity, which has been sustained using violence for thousands of years.

Religion does not, has not, and can never cause any wars. Ignorant men and women cause wars through their deceit and misappropriation and hijacking of words and their meaning, to sustain the delusions of 'authority' and deceive many by using the word 'religion' to fuel their agenda.

This has been going on so long, people who are deceived now say “I’m spiritual, but not religious’, creating another division, because they do not understand the meaning of Religion to bind the fragmented parts into a unit.

So, this is one of the ways division continues to increase... and all the while people *lose sight*, of the *fact that we are all using different words to describe the ONE LIFE*.

We can and do overcome the division by realising that there is an invisible Race Thought Atmosphere causing the division and separation, and by doing the necessary work to purge from it the divisive forces, the demons, base desires, the jinn and the egregores, which, using words and concepts have lodged (as in taken up residence) themselves in people’s minds, hijacking them and sustaining the darkness which sustains the delusion of division.

IF there was no darkness in one’s mind, one would live in unity with God and there would be absolutely no question arising of whether God exists or not, because one would FEEL the Spirit flowing through them and live by its benefits.

What is preventing this is the erroneous ideas sown into the Race Thought Atmosphere by

our forebears, the fruit of which has been sown into our minds as we were growing up.

Some people think that we have 'free will', yet, as long as our minds are seeded at an early age with concepts planted there by our parents and teachers, etc. we can only reproduce the fruit of them, until we evolve into the ability to conceptualise.

Then, there's the Law of sowing and reaping, more often spoken of as the Law of Cause and Effect.

Sowing and reaping describes the process and the connection between cause and effect. The cause is the seed, the effect is the fruit, and every fruit contains the seed to perpetuate the same actions.

So, we do not have 'free will' as long as we are ignorant of the working of the Living Law through us, and as long as we are living according to the seeds planted within our minds by external personalities. I.E. by anyone else.

Freedom means we conceptualise our lives from deep within, drawing from the concepts which comprise the blueprint of our Spiritual nature and living by them.

Only when the centre of volition is re-

established within each of us, and we are living in full recognition of the Living Law and we have purged from our hearts and minds all the concepts sown there which are not in alignment with our own blueprint, do we become free.

The *Helios Biblia* is the Books of Light, it has two 'testaments' and a testament is a 'will' and the 'Old Testament' is code for 'old degenerate and enslaved will' and the "New Testament" is code for "The New Redeemed and Free Will", each testament teach deep and hidden truths about the renewal of our minds and character.

The teachings embody cosmic truths, which took thousands of years of living to comprehend... and their codes and allegories are teaching us our own nature. They are text books for the mind, for revealing self knowledge, and their content is dressed up in meta-physical stories to preserve them, and also to transform those who study them and gain deeper insight into their meaning.

What our forebears have sown, they reaped in part. We also reap... and we also sow according to our understanding. This process of sowing and reaping is *an inner process*. *What we*

sow in thought, we reap in behaviour and experiences. And as we reap, that which we reap also contains the seed for perpetuating whatever the essence of the seed idea is.

Adam, representing infant hu-manity, “ate the fruit of the tree of the knowledge of good and evil” - and this must primarily be the fruit of thinking and speaking, because we think (and sometimes) speak before we act.

Even thought ‘speaks’ to us, in the recesses of our minds. So, while many people debate what the ‘fruit’ was that Eve gave to Adam, we know it is teaching the fruit of thinking and speaking.

Many people think the fruit of the tree of the knowledge of good and evil is ‘sex’. Well, if it is, as sex robs the body of its vital substance, the thinking and speaking about it came first.

Think about the cartilage in your throat, it is more prominent in a man than a woman...it is called Adam’s Apple... and this is a clue as to the ‘fruit’ Adam ate.

The accepted story is that it is called that because a piece of the apple Adam ate got stuck there as a reminder to the whole hu-man family, yet, consider that it is called so because Ad-

am 'ate' the fruit of the Spoken Word, calling the results of learning how to project speech into the world 'good or evil' according to material standards.

So, when Adam ate the fruit of the tree of the knowledge of Good and evil, he was warned that he would die. And the fruit he ate *sowed the seed of death into the atmosphere and was 'eaten' by every generation since.*

What he sowed, we all reap. We are taught that to overcome this 'original sin' we must be 'baptised' and this 'baptism' is the immersion into the Spiritual flow of energy emitting from our own Spiritual blueprint, which reunites us consciously with God and sets the foundation for metanoia...a complete change of mind, the result of the ReGeneration of the Garden of Being.

Anyone doubting that ideas from thousands of years ago can influence us, just need to observe how many ideas all around us and influencing us every day. If you play backgammon, you are eating the fruit of a game sown into the Race Thought Atmosphere many thousands of years ago. Backgammon is around 5,000 years old.

ALL our alphabets are the fruit of ideas sown

and cultivated and hybridised over the millennia. So, we are immersed in this process of sowing and reaping.

Adam sowed the 'seed of death', and Jesus sowed the seed of everlasting life, both these have been bearing fruit in the Race Thought Atmosphere over the years.

Many people accept we live "in the last days" right now, that we are entering into a new era. That the 'return of' or the 'appearance of' a messiah or world teacher is imminent.

What few people recognise is that each of us is, when we accept the power of the Spirit and of the Word dwelling in us our own 'messiah'... that what the scriptures are teaching us is the evolution and development of character and the attainment of a higher vibration of life, which is guided by love and wisdom.

As it states in Genesis, God shaped man out of the earth, then breathed life into him, then Adam became a living soul. This is an analogy teaching a process of ReGeneration taking 6 thousand years, or 'six days'. The analogy of the six days of creation also contains the steps in mind we are each to adopt in learning how to conceptualise and express our highest ideals.

See the cosmos as a garden... the earth IS that garden of the cosmos in miniature and we each embody all the forces and attributes of the cosmos, our very own 'garden of mind' manifested as the Garden of Eden, the Garden of delight, the garden of the Light, i.e. our body.

As we live, we reap the fruit of the seeds of our ancestors, and of each other, which we scattered in daily conversation.

Our duty is to be *wise* in the selection of the seed-words we speak every day and speak words, that is *sow them* into the omnipresent Spiritual energy so that we are nourished by them and transform ourselves.

“The power of death and life is in the tongue”.

We, by our words can purge the Race Thought Atmosphere of ALL destructive thought-words and deeds, and replace them with Wise and Loving and Kind Words, and these *will bear fruit as we cultivate them every day.*

Let us choose our words very carefully, and speak them with Love, at the right time, and this is Wisdom, and bear in mind every one of us is each other's brothers and sisters, and we overcome the divisive elements which have

caused all the wars in the world, recorded and forgotten about.

This is how we cleanse our own hearts and minds, and the Race Thought Atmosphere and renew the atmosphere... which is the atom's sphere and Adam is an analogy for 'Atom' and the atmosphere is the projection around us of the thoughts held in mind, manifesting as the world we live in.

“Be ye transformed by the renewing of your mind” and the renewal is choosing wise and kind and loving words, speaking them boldly, charging them with the Spirit, which flows deep within us, from the “well-of-being” which we must experience to understand.

Then, we are using the same process of sowing and reaping, which our ancestors used to create suffering, and which the wise used to provide us with the necessary insight we would need to liberate ourselves when we had matured enough to comprehend their teachings.

As the uni-verse is governed by the Law of Cause and effect... the seed of our salvation was sown into our consciousness at 'the fall' and the whole of history is the cultivating of that seed-idea and the elimination of all contrary ideas.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are metaphysical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
