# APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

## ESSAY: ABUNDANCE

The hu-man family is 8 billion people strong, yet a great many do not realise the strength which comes from community living, and are in a state of poverty.

ALL poverty is first a state of mind.

“Woe to you, teachers of the law and Phari-sees, you hypocrites! You travel over land and sea to win a single convert, and when he becomes one, you make him twice as much a son of hell as you are.” - Jesus (I AM)

Here Jesus is revealing the root of the problem. Those who claim to be leaders are ignorant of our composition and of the reality that we are ALL offspring of God.

One cannot teach what they do not know. So, as it was then, it is now, those who have manoeuvred themselves into ‘leadership’ positions, and convinced others to ‘follow’ them, are in fact leading their followers into a deep abyss of ignorance, fear, division and the greed and poverty that produces.

The so called 'civilized world' is far from civilised. At large, people look at the development of the material houses and towns and cities, and call this development 'civilisation'.

Yet, anyone can see that with the level of rape of tax, robbery, sexual rape, house breaking, fear mongering in the world, corrupt politics, division, greed, paedophilia, pornography, and poverty, we are very far from being civilised.

Intellectually to be civilised means: Having a high state of culture and development both social and technological

Meta-physically is means: Knowing Oneself as the offspring of God, having communion with God and access through that communion to the daily bread, the Divine Ideas, which transform us from corrupt sinners, falling short of the ideal behaviour as children of God, which produces civilisation.

The difference is worlds apart. The intellectual meaning always falls short of the emotional reality, because that is the nature of the intellect, and the result of the corruption incurred due to a lack of SELF KNOWLEDGE.

Without this SELF-KNOWLEDGE, people are behaving carnally, that is animalistically, and

this is why so many people think they live in a 'dog eat dog world', and their thinking produces behaviour so each dog seeks to get the better of the other, before the other gets the better of them.

This is the insanity, which has captured the minds of the vast majority of people and, which has produced the fear and greed in evidence all around us.

Take politics for example. Politics was originally a science. It was the science of making the best possible use of the available resources to serve the whole community. No more!

In early communities they UNDERSTOOD AND FELT community, and they LIVED community. When children grew up and chose a partner, the couple were provided with a dwelling, and all the necessities for living from the rest of the community.

The SPIRIT of Community was ALIVE and ACTIVE in such a way that is very difficult for so called 'modern' hu-mans to understand because we have grown up in a dry intellectual environment, which through competition has set many against their neighbour.

Sport brings people together in competition,

only to drive them farther apart via other more subtle means.

The city where I grew up there were gang fights and murders surrounding football matches, or which 'gang' 'ruled' an area.

No one who is sane can call this 'civilisation.'

Yet, surrounding us all is a world which produces and produces and produces abundance. There is more than enough produced right now to feed and cloth and provide accommodation for every member of the human family, TODAY.

What prevents this from happening is the human family has eaten the fruit of the tree of the knowledge of good and evil, and has become poisoned and corrupted and this poison and corruption has prevented it from eating the fruit of the Tree of Life.

The fruit of the Tree of the Knowledge of Good and Evil once eaten *passes through us, weakening us, affecting the clarity of our thinking, and behaviour, dividing us, and this is why the hu-man family no longer sees and feels its unity, this is why it is divided, it has been poisoned by the ideas, the analogy of the tree of knowledge of good and evil represents.*

Our WAY out of this is to comprehend that consciousness is a garden, it will reproduce the fruit of the ideas we sow into it, and cultivate.

We use the Power of the Word, and we sound the depths of our being to identify our highest ideals, and we Speak them into the omnipresent energy of God, and the Words renew the atmosphere, and this atmosphere influences the minds of the human family and we transform ourselves.

As all around us, so within us. "I AM happy", is the seed thought-word, which enables us to realise happiness. "I AM strong" is the seed word for spiritual strength. "I AM confident", is the seed word for unity with God.

Whatever we are experiencing is the *fruit* of the ideas growing in mind.

WE ARE NOT THE IDEA, WE ARE THE I AM WHICH SOWS AND CULTIVATES THE IDEA.

Wherever people identify with the idea, there we have division. One says: "I AM 'Christian'", another says "I AM 'Jewish'", another says "I AM 'Muslim'", and the ***IDEA contains the idea of division, which entraps all of the individuals who have cultivated the***

***idea in their mind and they've become a slave to the idea.***

*So, right now, the idea of division of cults, of different schools of thought posing as religion, ENSLAVES THE MAJORITY OF THE HU-MAN FAMILY, and this division creates fear, and in an attempt to alleviate the fear, people look for security and materially minded people seek security in money, and so they hoard it and this causes poverty throughout the world.*

The more is accumulated, the more greed takes a hold of the mind... and let the reader be aware, when we read 'fear' and 'greed' and 'poverty' and abundance, each word is a SPIRIT. EVERY WORD WE SPEAK IS SPIRITUAL POWER AND FORCE.

The Truth is that LIFE is shaped and formed by WORDS and we can eliminate poverty, sickness and disease, when we draw words directly from our Spiritual Blueprint, wherein we all have access to a storehouse of High Ideals, which enable us to integrate ourselves with the earth plane in peace and harmony.

Oh, how far we have all wandered from the Truth, which is hidden within us, and sought strength and healing in the world, when the

only thing that can make us whole is our consciousness of Spirit and how to express it Wisely and with Love.

EVERYTHING we all need has been provided for us. This World is a projection of our consciousness, and as our consciousness rises and becomes more aware of the Spirit, the Intelligent energy we call God, in which we live and move and have our being, our consciousness merges with God and that is when we realise abundance. Wherever we live, we will all have a cupboard with food. If we think this is all there is, we are severely limited. When we realise the food in the cupboard came from the garden, our consciousness expands and we have a greater awareness of abundance.

REAL abundance for the human family is to realise that this whole earth is a garden producing whatever we need and it is shaped and formed by our ideas about it.

God has set this in motion, our words are the seeds. Our words are shaped by the ideas sown into our mind, and we can dissolve any idea and replace it using the same power of the word.

A Garden is ALL Potential, and this is teaching

us about ourselves. We are all potential, and when we unite to cultivate the Garden, the New World, which is shaped by our highest ideals emerges.

The New World comes through us as each of us sound the depths of our being and draws up our highest ideals, and we sow them by the power of the Word.

The POWER of our Words depends on our sincerity and alignment with the Divine Law. Liars spew forth weak words, which corrupt both those who accept them and the speaker. Lies cause degeneration, and imbalance, and inequity, because all lies are based on a fear impulse.

Truth emits directly from the Living Spirit, as it imparts its crystal clear Living Water... and this represents Spiritual power flowing through us in streams of life, imparting power to our Words.

“In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God. All things were made by him ; and without him was not any thing made that was made. In him was life; and the life was the light of men. And the light shineth in darkness; and the darkness

comprehended it not.”

What this passage teaches, is that on the whole, people speak and they use words without a deep comprehension that our words shape every event in the world!

When we ate the fruit of the tree of the knowledge of good and evil, we used words ignorantly, and this led to abhorrent behaviour and heinous crimes against one another, and the seeds of these words live within us, and our freedom comes when we purge these ideas from mind and live in alignment with the Law and grow wise in alignment with it.

What an incredible world we live in. It is so organised that every person's body is the fruit of their words, and this is measured over life times and with every form of suffering, we have the gift of the opportunity of overcoming it, by uniting and sharing Wisdom and resources and in no other way!

Our whole Cosmos is designed to teach us our own nature... and throughout the ages family members in every generation have applied themselves to understanding and clarifying the gift of life and its processes and we have an abundance of material to read and draw from, which enriches us ALL. with every increase in

understanding we evolve into a greater awareness of ourselves as offspring of God. Not just intellectually, rather, we become aware of wellsprings of energy within us, and this energy charges our words with power and when we charge our words with Wisdom and Love the power carries them forward from mind to mind and then Wisdom and Love is multiplied and we learn how to create real and lasting civilisation. Civilisation is the result of a deep connection to our Spiritual source, which empowers us to dissolve all the ignorance and ideas which cause dis-harmony, fear, greed, adultery, and all the other fallen desires which have constantly driven the human family apart. As we overcome the ideas of lack and poverty, what remains is the pure Spirit of Abundance of the Living God, breathing through each of us.

*“Do not fear, little flock, for it is your Father’s good pleasure to give you the kingdom”.*

The Kingdom of abundance is within everyone of us, and those who state otherwise reveal they have not found it.

**Applied Meta-Physics** is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are metaphysical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

**Applied Meta-Physics is the Key** opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
