# APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

## ESSAY: IGNORANCE

*“Ignorance of self is the calamity from which  
all suffering follows”.*

*“What is man that thou art mindful of him?”*

Each essay in the Lenten season, has the purpose of bringing to the reader's attention a deeper aspect of our nature, than which is generally recognised and spoken of, as well as the thought-words we speak every day, which form our world.

When King Solomon wrote: “God made man simple, his complex problems are of his own devising”. He was speaking with clarity, and with the awareness that due to ignorance of our own nature, and the behaviour resulting from this ignorance, everyone was set against his neighbour.

Likewise, the same situation exists today, and is the reason why people submit to fear and the violence it often produces. Yet, the reality is “A house divided against itself cannot stand”.

The division we experience every day, is the result of the influences of the Race Thought Atmosphere, which has shaped our value system with its dark psychic/Satanic forces, which has hijacked intellects scattering them, creating the “dog eat dog world” illusion. I call this an illusion, because we are all one, and the recognition of our Unity, and the thinking and behaviour, which arises from it, is what creates Heaven on Earth

ALL hu-man suffering is caused because of the idea of ‘inevitable death’, when the reality is that Life is an omnipresent principle, which every creature taps into, to concentrate it, and manifest it in form. The hu-man family is sorely divided and set against itself, and one of the main reasons is that a vast majority are thinking “you die if you do, you die if you do not”. Others are waiting for someone to come and save them, because they do not realise that *Truth is always available, it is omnipresent, awaiting each person’s recognition and application so they can be free.*

Due to its ignorance, the whole hu-man family is sentenced to death, and lives on death row. It’s only Salvation is to drink of the Spirit, the Living Waters, which flow deep within, and by

Spirit's power, dissolve all the errors of the mind and the division, fear, greed, lusts of the flesh, lust for power, lust for war, which has poisoned it for thousands of years. We each embody the Light, in varying degrees. As we apply ourselves to increasing it within us, we are no more ignorant of the Power of Love expressed through Wisdom, to produce within us the healing power of Grace.

Violence is the most destructive form of ignorance, and is sustained by those who have been hypnotised and deceived by the Race Thought Atmosphere and have no inner conscious connection to the Spirit, and to each and every other member of the Hu-man family. It is this ignorance of the fact, that we have everything we need already infolded within us as a high ideal, and the ignorance in how to align with the Living Law and speak the Word of Truth, which sustains the psychic darkness of the Race Thought Atmosphere, which in turn sustains the sleep of death.

“Arise thou that sleepest, and the LIGHT of Christ shall shine upon thee”... and this LIGHT is the LIGHT and POWER of the Solar Plexus, the Heart Centre which radiates Spiritual Light and Power, which heals us.

Over a period of thousands of years, materialistic thinking has infused the Race Thought Atmosphere with darkness, and this includes ignorance of ourselves. At large, we have lost our conscious connection to the source of Life, and all degeneration and ignorance is the result.

People ask “what is life?” because they cannot **feel** its powerful flow through them, animating them, imparting intelligence, joy, grace and happiness. This disconnect is the reason for all ignorance.

As a remedy for this darkened state, our forebears conceptualised the baptism, which is an immersion in Spiritual power, which reconnects each individual to their source, through the activation of the Kundalini, the serpent coil (444) plane of consciousness, which when raised and used in alignment with the Divine Law, and the higher planes of mind, ReGenerates everything.

As it is in the world today, ignorance of SELF has resulted in all sorts of material conditions, suffering and hardships, which we can all avoid. Those who claim to be in control of the world, have proven themselves totally incapable of overcoming temptation, and of distrib-

uting the available resources to educate correctly, and feed, clothe and accommodate the whole hu-man family.

Instead, they have yielded to the temptation and mental delusion of the Satanic consciousness and the illusion of personal ownership and personal power, as taught by 'motivational speakers', who themselves have wilfully or unwittingly succumbed and submitted to the influences of the Satanic consciousness, which has hijacked the intellect.

Unity with God is THE solution, attained through Baptism in the Spirit, which is being immersed in the essence of Love, which reveals to us, the ineffable beauty of the Spirit within and all around us. This immersion comes to every person who is sincere in heart and seeks to know themselves above all worldly ambitions.

The Holy Spirit, (the Spirit which makes us whole) opens both heart and mind to be able to feel our unity and love. Then we find that the air is thick with God, and as we draw on the power of the omnipresent Holy Spirit we are illumined and healed.

To feel the flow of Love is the answer. Love

married to Wisdom, must become active through each individual so each reconnects to the centre of volition and Spiritual guidance within.

Wisdom teaches us that with every thought, word and deed we ReGenerate or degenerate. The ReGeneration is the process of defragmenting the consciousness, gathering it together to create peace of mind, and social unity. This is the great work we are all called to do, so we can live expressing the GIFT of Life in harmony with Life's Laws and principles, eating the fruit of the Tree of Life, which constantly inspires us.

Even though in the astro-theological charts they speak of hundreds of thousands of years... all these are projections of the state of mind of their authors. The reality is that TIME is a mist, and when read as a linear quality, which is 'accumulative' is an illusion. ALL accurate prophecy of 'the future' proves this to be so.

There are so many levels of ignorance, which we all are subject to, until we recognise and overcome them:

Not knowing God-Self, is the root of all other ignorance.

Not knowing the Living Law is the root of all counterfeit laws and all men's laws are counterfeit. Wisdom inspires us constantly and teaches us how to live, so this is how and why the Divine Law imparts Wisdom and is *the Doorway to Everlasting Life*, and why men's laws, are the product of ignorance and fear.

Not knowing about sex, and gender, and the polarities of this Cosmos is the root of all sexually degenerate behaviour. Sexual degeneration tears down the body, our Book of Life.

Not knowing that degenerate behaviour cuts each person off from the Living Water flowing deep within, is the root of all degeneration/dis-ease.

Not knowing that the more materially minded one is, the more acquisitions one has, is the root of the inability to express the Light of the Holy Spirit.

Not knowing that all commerce replicates the body's own economy, is the root of all selfishness and greed.

Not knowing that there is one God and all names of gods throughout the ages are attempts by a fragmented minds, at identifying and understanding the one God, is the root of

division in the World.

Not knowing that God breathes through us all and we are all one, is the root cause of all wars.

Not knowing that Life is an omnipresent principle is the root of the idea of death. In reality, Life is consuming death, and death is being swallowed up in victory.

Not knowing and communing with the power of the Holy Spirit sustains the hypnosis of the dark psychic powers, which cause all the hatred in the world.

Not knowing that Human life is a process of ReGeneration, is the root of the human family being lost without purpose and seeking to accumulate 'wealth' and rule over each other.

These and many more forms of ignorance cause division in society and sustain the sleep of death.

ALL the so called 'mystery' schools, and the gurus and rabbis and priest, popes and imams, are seeking the 'Lost Word' which redeems us, and ignorance of the fact that the Divine Law leads us directly to the Lost Word, sustains the ignorance, which has fragmented the whole world and, which sustains that fragmentation.

There is a solution.

“Be still and know that I AM God”.

Be still and:

- Know that you do not breathe God breathes through you.
- Allow the intuitively wise mind to guide you.
- Commune with the Divine Law written into every atom and fibre of your being... into your heart and mind. Memorise it. Live it.
- Open the inner door for the LIGHT of Life to flood through you, transforming you and quenching your soul's thirst for the spirit.

As we appropriate the Light, we are transformed. We overcome ALL ignorance via communion with God; *through communion with each other*. We attain union with God by aligning ourselves with the Divine Law. We attain communion with each other through KINDNESS, through the AGAPE, *which is the real and tangible flow of the Spirit of Love from one person to another*.

We grow stronger every day when we eat the body (study the Word of the wisdom) and drink the blood (follow Wisdom through in action) of the Light of Life within us.

Christ is the name of the LIGHT AND POWER, because when the Grace of God flows through us, we are anointed with the Spirit, which is real and tangible to our minds and feelings.

*“Greater is the Spirit within me, than the Spirit who is in the world”.*

The Race Thought Atmosphere is the psychic ‘weather’ produced by the thought-words and deeds expressed by the whole human family, and we overcome the degenerate aspects of it, by consciously invoking the power of the Spirit and speaking the words it gives us, thereby purging the Race Thought Atmosphere of its darkness, purifying it and liberating ourselves and each other.

A NEW WORLD is being born, through us, as we each express the Spirit, and awaken to realise we are ONE. The Way to Peace and Abundant Life is paved with Wisdom, interlocked with Love, spoken with KINDNESS into manifestation.

Our ignorance of nature, of animals, of the processes of life, all create a form of fear, and incites some form of response, often violent. We kill or fear things we do not understand, so, the remedy is for the Hu-man family to seek and embody the Spirit of understanding, which dissolves all ignorance and enables us to live in peace and harmony.

*“With all thy getting, get understanding.”*

Once we attain understanding and act on it, to the degree we have it, is our *ignorance* and the suffering *it* caused, eliminated.

As we walk in the LIGHT, the power of the Spirit flowing through us, increases, and dissolves all the materialistic thinking, which has, for thousands of years, darkened the Race Thought Atmosphere, and sustained the ignorance sustaining division, suffering, and disease, of which the ‘sleep of death’ is comprised. Seek out the LIGHT within yourself, seek the power-to-do, seek the understanding which dissolves the ignorance, which hinders you, and together we shall all manifest a renewed consciousness and a renewed world.

*“This is Heaven, hell, is not knowing this is Heaven”.*

**Applied Meta-Physics** is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are metaphysical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

**Applied Meta-Physics is the Key** opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
