APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

ESSAY: FREEDOM

*“You shall know the Truth, and the Truth
shall set you free”.*

Knowing and living the Truth sets us free from all error and its consequences.

Knowing the Divine Law is written within us, sets us free from erroneous man made ‘laws’, which really sustain the lower mind and its sleep of death.

Knowing we live in a psychic Race Thought Atmosphere, saturated with darkness and error, means we know where to look to identify the errors to overcome, to free ourselves.

Knowing we have a treasure chest of rich ideas and high ideals hidden within our hearts, sets us free from the wills of others, and when expressed, renews the Race Thought Atmosphere, purifying it, manifesting Heaven on earth.

Knowing God, and communing with God in our Hearts fills us with the Power of Love, which no man can constrain, and which, in reality every man, and woman is seeking, whether they admit it or not.

Freedom means unfettered expression of the Spirit. Unfettered by ignorance, as well as the thought forms of previous generations, and free to express the highest ideals we all have within us.

There is ONE Energy, One Power, One God, yet, when it is passed through the film of the mind, it appears as many streams, and manifests in many forms, and the lower mind is deluded into thinking the many forms are many independent forces and 'gods'.

When one is attached to the idea of the 'many' and is indoctrinated into thinking their 'one' of the many, is the 'true one' then this gives birth to all the inharmonious conditions in the world today.

A TV series, which was broadcast a few years ago highlighted this principle rather well. It is called 'American Gods' and is a story following

the lives of Odin, and his son Shadow. One need not think too hard to see the analogy being shared. In the program each of the 'gods' are forces at work in the lives of the common people. The series follows the story of the modern 'gods' vying for the attention and control of the people, against the ancient 'gods'.

ALL of these dramas tend to be materialistic, not sounding the depths of the Spiritual world, yet, hinting at the currents at work. The reality is, that men, in their ignorance cause all wars and suffering because they are slaves to the egregores and demons of greed and avarice, the lusts of the flesh, and the lust for power, which have seduced them, and left them hypnotised like they've had a whiff of scopolamine, the most dangerous mind altering drug in the world. This drug once inhaled, will allow the person next to you to control you, and to any onlookers, it will appear as everything is as it should be... there is no way for any onlooker to know one person is in a temporary and inescapable trance doing the will of the other.

This is the best analogy I can find for explaining how deeply the Satanic forces have cap-

tured and hypnotised those who claim to be ‘world leaders’ - and it is no coincidence that the colloquial name for scopolamine is: “*the Devil’s Breath*”.

While the average person is not under the direct influence of drugs, we *are* born into an atmosphere, which is saturated by dark desires and their forces, and as we grow up in this atmosphere its ideas saturate our minds and live through us, as us. When this happens, the individual is cut off from God within, because their mind has been captured.

“Awake thou that sleepest, and the light of Christ shall shine upon thee.”

This Light is our TRUE NATURE and the freedom we all seek is the freedom it empowers us with. This Light is hidden deep within our hearts, and when we express it via the Spoken Word, it increases. We are giving it expression, and its flames increase within us, imparting more and more light, intuition, understanding, wisdom, faith, joy, and empowering the individual, so that when they are in alignment with the Divine Law, they are Free and Powerful.

The dark forces of the Race Thought Atmosphere have sought to prevent this for thousands of years. They have hijacked every educational facility teaching the mysteries and replaced them with their own schools, replacing education with indoctrination, and using every means possible to get each individual to remain divided from their brothers and sisters and uphold a value and civic system, which sustains the very misery all sane people seek to liberate themselves from.

Fear is their main *modus operandi*, because fear is emptiness within a person, and can be filled with the idea, those dominating wish to use to control.

It is essential to understand the deep sleep the human family is in. As long as division exists, there is sleep, as long as there is no consciousness of the indwelling God, there is a deep sleep. As long as there is war, famine, hunger, division of the earth into 'countries' 'races' 'nationalities' and 'currencies', etc., just as long shall the suffering these things cause be sustained.

WE are in the midst of a quantum leap in con-

sciousness, where, all those going within and experiencing the inner flame of God are liberating their hearts and minds from all the values formed and sustained by the Race Thought Atmosphere and its elements. WE are renewing ourselves and the World, and although the dark forces have used fear, war and other horrendous crimes against humanity to sustain their illusion of power, the end is here, because *all evil carries the seed of its own demise*.

‘Evil’ is Live reversed, and this is also another clue. LIFE has NO OPPOSITE, the word used in Hebrew translated as ‘evil’, is ‘aven’ meaning ‘nothing’. There is nothing can oppose Life!

Evil only has the power men give it. Refuse to give evil power, and it withers and dies. We need to do this collectively, refusing to allow ignorant concepts and evil words to be seeded into our hearts, and minds, and through the light of understanding, sound the depths of our being, and draw up words which are wise, kind and loving.

We totally overcome evil, when the human family understands and is in alignment with the Divine Law, and stops sustaining evil and its ideas in consciousness. As stated, Evil is

‘nothing’ it arose from ignorance and errors in judgement, grew into darkness in men’s hearts and minds, and is the cause of death.

When we are not aware how and why we are alive, this is ignorance, and ignorance is ‘nothing’ and nothingness. Where ‘something’ is required, nothingness is ‘evil’. Where love is required and withheld, this is evil. Where food is required and withheld, this is evil. The whole world is so full of evil thoughts and acts that ONLY communion with the Divine within one’s own heart and mind can light the way forward, and totally dispel all the darkness of evil

The Way of the Light is easy. It has appeared ‘hard’ because of the weight of the darkness on the mind, because the seeds of degeneracy have been cultivated for thousands of years and those bearing the light have been singled out and murdered. The whole hu-man family still labours under the degenerate concept of personal ownership and personal power, because the vast majority have not discovered within themselves the peace and mental stability to realise that enough is always enough, and to recognise when they have enough! Nor

have they awakened sufficiently to realise our UNITY; that WE IS ONE. The dark forces have seeded ideas of materialistic ambition, which have replaced in the minds of many, the process of ReGeneration, which was begun thousands of years ago. It is due to the deep hypnosis of materialism and the delusion of riches and human hierarchy, that all division, exists. Men do not see, nor comprehend the human family's unity, and therefore do not understand our purpose as stewards of the creation, ***and our duty as our brother's keepers.***

The egregores and demons have infested the mind with materialistic ideas, and those who deny it most, are those most deeply hypnotised by these ideas...and those most in need of dis-covering within their own hearts the flame of God. It is through the appearance of 'separateness' compounded with the fear and greed the division gives rise to, that people are set against one another.

It is through the process of ReGeneration, we purge from mind all the ideas, which make life a living hell, and restore the Kingdom of God, within us, and in the world, here and now. UNITY is the fruit of understanding, and un-

derstanding frees the mind from ignorance and enables us to see, which desires we need to purge, in order to liberate ourselves. When Jesus (I AM) teaches, he is teaching us what we need to know to attain to this freedom, and the freedom comes with response-ability, to live in alignment with the Divine Law, and when we live in alignment with the Divine Law we are empowered by being in harmony with the principle of Life. Love, is the great principle of Life. Jesus' last command is "Love one another". The worldly authorities say "love is powerless", because they are blind to its essence, and have not experienced the transforming power of its glory in their hearts, nor do they understand the dark forces entrapping their minds. Each person will, as the Word spreads, dis-cover this sacred flame in their hearts, and when they do, they will have the Light, which enables them to see through every error and form of deceit propagated and sustained by the dark forces.

IT is essential, that every person comprehends that the teachings we have received, where they are negated by 'worldly authorities' is solely so they can continue to rule over you, as has been passed down generation to generation. FREEDOM, emerges from within, as a

River of the Water of Life, it flows from deep within, percolating up from the life centre, saturating the whole body consciousness with Hapi'ness and bliss. So few seem to have experienced this, those who have, are hesitant to discuss it, because the experience is so deeply transforming that there are no words for it, and when one does seek to describe the experience, the listener has no frame of reference to comprehend it. *They need to taste the glory for themselves.*

So, the speaking of the inner flow of the River of the Water of Life is a seldom occurrence. Those who taught it in the past, demonstrated its power, then they taught in parables, so the willing and sincere neophyte could learn step by step and progress in the Way of the ReGeneration. The ReGeneration and the attainment of Everlasting Life, is the purpose of our existence, and ALL hu-man division and suffering is the result of ignorance of this fact. Ignorance we shall and will overcome, when we open our hearts and minds to the Truth.

“You shall know (marry) the truth and the truth shall set you free”.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are metaphysical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
