APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

ESSAY: HONESTY

HONESTY is an aspect of the Divine Law in action. Honesty is being true to the cause, and in human endeavour, it means being true to one another, in all aspects of be-have-i-our.

“...that we may lead a quiet and peaceable life in all godliness and honesty.”

The quite and peaceable life emerges from deep within us. It is an increase in spiritual repose, as recorded for the seventh day of ‘creation’ in the Book of Genesis. Where, God ‘rested’ or more accurately, *God caused his **repose** to be apparent to each person’s consciousness.*

Godliness and honesty are aligning with the Divine Law and living by it, to restore peace individually and then in the world. When one consciously unites with their own Spiritual body/blueprint, its qualities radiate through the ‘physical’ body imbuing it with life.

“I come that ye may have life and have it more abundantly”.

When we are told to “be true to yourself” this requires introspection, and observation of the highest ideals hidden within our hearts. The storehouse of Spiritual power secreted, there dispels all darkness from consciousness, *when we find it and live from it.*

HONESTY is synonymous with *BALANCE* in terms of giving and receiving. *AS WE ARE ALL ONE*, honesty is recognising this, and doing the right thing. Especially while we are still using commerce, as we are participating in the ReGeneration. Those who do not recognise our ONE-ness are not being honest—and this is their own downfall. Many people who are dishonest, as is observed, seem to prosper, yet, their ‘getting rich’ is a mental illusion, that only other mentally deluded people subscribe to.

Yes, they accumulate money, ***yet this is not riches***, for their focus on money getting, has deprived them of the opportunity to develop the faculties of mind necessary ***for attaining perfect health, self-control and true prosperity***. One just needs to look at the book of life of those who are so focussed. The

degeneration is obvious. Now, **LOOK** at their body, *do not listen to their lies. Their body teaches you what they value in life. Their lost of faculties, their loose skin, their wrinkles, their need of various crutches to sustain health, their reliance on all sorts of medications everything they are, speaks volumes.*

Now, many are getting benefits from these things, and, for a time staving off the visible degeneration, yet, this does not prevent the Divine Law from doing its work. What we sow on the inner, we reap in the outer, what thoughts we have show up in our own body, eventually, even if we force them onto others first.

As we do not breathe, God breathes through us, then everything belongs to God—even ourselves. This means when we align ourselves with the Divine Law, everything we need is available to us, before we need it. OUR responsibility to ourselves, in order to master this human organism is to exert the necessary effort to gather what we need.

ALL anxiety in the world is the fruit of not realising that we live right here, right now, in the

midst of the Kingdom of God.

The vast majority of people do not realise this because *we were all born into a LIE. We were all born into a Race Thought Atmosphere saturated with degenerate thoughts, with materialistic thoughts, with human 'dog eat dog' ambition, and these seed ideas are sown into our minds very early.*

What we recognise as *genius*, is a mind which the system has not been able to hypnotise fully, and which continues to awaken as that individual lives, and learns more and more, how to live! *We all have the Light of Genius burning in our hearts, and the whole 'educational' system of the world has been hijacked and altered to make you forget this by the time you are seven years of age.*

WE are each a seed of God, and we are planted into the omnipresent aether to produce the fruit of God—and this is what it means “let us make man into our image, after our likeness”.

We are to bring forth the fruit of the Divine Spirit within us, which the children of this world, having been hypnotised very deeply, hates.

As we are seeds of God, and we project this world into consciousness, then the reality is that “thou shalt not steal” means everything belongs to God, and as God’s stewards, are held responsible for every transaction, down to the smallest measures.—What we sow, we reap, is first an inner process, so when the desire to harm others or cheat them, or defraud them arises in one’s heart then those succumbing to temptation will be held responsible and experience a lesson at some stage. This is the working of the Divine Law, whose workings are “beyond finding out”. The calculations involved are beyond human scope, and this is why King Solomon wrote:

“The fear of the Lord is the beginning of wisdom.

-Proverbs 9:10

This ‘fear’ is a healthy outlook, for it refers to acknowledging full responsibility for one’s own actions and understanding that the Law will hold us responsible for our every thought, word and deed. Some translations say that “the beginning of wisdom is to stand in awe of the working of the Law”. Putting this into perspective, our ancestors knew that we are participating in a process of *ReGeneration*, and this was and is life’s purpose. Nowadays, there

is scant awareness of the ReGenerative process, so the hu-man family is lost, caught up in the materialistic value system, and the web of the dark forces of the Race Thought Atmosphere, which are the result of its own past dark desires.

So much has been changed of our history and the sacred texts teaching us *how to live happy, peaceful and purposeful lives. And the scriptures, which teach this have been so edited and corrupted/mistranslated, that only those who persist in searching deep within themselves and in the various scriptures, find the practical truth, which gives life meaning and transforms our lives for the better.*

The materialists have done everything they can dream up, to dissuade as many people as possible from dis-covering the limitless source of power within themselves, just so they can sustain their positions of power!

They have hijacked spiritual teachings, and misrepresent them. They have sought to elevate themselves and their vocabulary reveals this. Jesus (I AM) warned us about this:

“Ye know that the princes of the Gentiles exercise dominion over them, and they that are great exercise authority upon them. But it shall not be so among you: but whosoever will be great among you, let him be your minister”.

‘Gentiles’ refers to those who live according to the world’s materialistic value system. Contrasted with those learning how to direct Spirit as it flows directly from the source within us. The greatest are those, who, are in alignment with the Divine Law, and who invoke the Spirit and teach others to do the same.

This is what it means to be a ‘minister’. It is one who *dispenses* the power of the Spirit as required, via the Word. The more closely aligned one is with the Living Law, the more powerful one’s Words become, as they speak directly from the Well of Being, that Divine Source of the Water of Life within us.

While the Sons and Daughters of God *serve one another*, the children of this world and its darkened Race Thought Atmosphere, *seek to rule each other*, and everyone else who, in ignorance of their body as the Temple of God, submits to them. So even among themselves, there is never any harmony, only a constant

paranoia, anxiety and fear. They have not learned or realised that what this world gives, it can take away, so their fear is constant.

The reality is, we embody a Divine Law, which demands honesty, or death. God's Living Law, whether they see it or not, is the ONLY Law there is. The very idea that men can make laws, is suicide. Despite this, men have throughout the ages been duped by their own greed and fear into thinking they can and (still do) make laws. Again, this is suicide because it turns the mind away from universal principles and restricts it to personal opinions and erroneous methods and value systems. The most obvious methods the dark forces use to sustain control is through money, and the manipulation of the world's finances.

Again, great ignorance is abound, because they do not understand that every cell of their own body is affected by every decision—when you harm an 'other' person, you are, in reality harming yourself. Wherever there is a full comprehension of unity, it is impossible for one to harm another or murder them. This is revealed in the parable where Jesus does not

retaliate when He is flogged and crucified. He accepts the beatings, because revenge would mean He had yielded to the satanic hypnosis, when His purpose was to *demonstrate, how, we are ONE. (Of course there is much deeper symbology, for another time).*

IN A DIVIDED hu-man family, Money is a medium of exchange and a measurement of value. It is a representation of spiritual substance; the facilitator to manifest the idea of prosperity; it is 'permission' to follow through on an idea, although being neutral, it has been and is used for heinous acts, although those doing so do not realise they are committing suicide.

Money is a part of God's allegorical language teaching us how our body stays alive. When we are honest and true in the handling of money, we remain healthy and strong, when we are seduced by filthy lucre, degeneration, either visible or invisible sets in. Either way, the Living Law does its work without fail.

The love, or rather lust for money produces a great drunkenness and motivates many evil acts. To liberate ourselves from these forces,

we look to the source of Money, and its true author and serve it not mammon: God. God is Life's author...

Mammon is the 'profit motive' and what *"profit it a man should he gain the (mental delusion) whole world and yet loses his own soul, his own consciousness of life.* Right now, the dark forces have seduced many into thinking they can have the world and live forever by merging with inanimate objects and computers... and this they do because they have been fooled by their own desires, not realising EVERY invention is merely a **representation** of a Divine Principle we ALL CONTAIN in every cell of our bodies.

Jesus (I AM) casts the *money-changers* out of the temple. This is the casting out of mind every idea that the Spiritual essence of life, 'money' can make us rich through acquisition of material possessions. The very idea is *sui-cide*.

Money is permission to do what we are inspired to do to unite and uplift the whole human family.

The “money-changers” are *first dishonest ideas, then these crystalize into thoughts, then words, which saturate the Race Thought Atmosphere, and infests the minds of the human family with its erroneous value system.*

We are to purge our minds from all ideas that this world can make us rich via acquisitions and possessions and realise that Wisdom and Love are the True Riches, which enables us to *master ourselves and all the elements of this world of appearances.*

While many people may have ulterior motives and are outright deceitful, they do this because they have deluded themselves into thinking they have power over the ‘other’ because their delusion has told them they can ‘make laws’ and because they think they can make laws, they also think they are above them.

The reality is the heart and mind are the “*two stones*” of Moses, where the Divine Law is written within us ALL.

When we speak, we reveals our own character - even when the words are directed at someone else. This is one of the most important and the

simplest lessons anyone who is awakening to take a spiritual path can learn. Each person reveals her/his own character when she/he speaks - and each is responsible for every word. The ONLY 'enemy' anyone will ever have is her/his own carnal mind. A state of mind to be overcome through, meditation, contemplation and conscious ReGeneration.

Many people who are in a deep sleep think God does not exist, they have exalted themselves and this is the work of the Race Thought Atmosphere and its degenerate ideas at work *within them*. They desire to persuade others God does not exist, and this is impossible for those who commune with God. Their objective is to take God's place and rule the world in darkness and wickedness.

"For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against a spiritual wickedness in high places."

Some are so deeply hypnotised and seduced with so called material riches, they cannot see the delusion. They must, in order to sustain their position seduce and hypnotise others, or use the violence and fear of the Race Thought

Atmosphere's egregores and demons, to exercise a hold over you. They are, when they do this, not being true to themselves. Their real desire is to feel the real power of their own Soul, and since they do not know how, they seek to persuade others of their materialistic power and this is the delusion, backed up with violence.

This is like an alcoholic reaching for alcohol, which is a symbol for spirit, because they do not understand how to attain to the primary spiritual flow of life within them. Those 'drinking' the materialistic ideas get drunk, and go on a power trip and the only thing which can awaken them is the Spirit of God demonstrated and spoken to them when they are receptive "in the cool of the day" as it states in Genesis.

In the "cool of the day" is an analogy for being more reasonable and open to reason. Division darkens the drunken mind, and this has persisted for thousands of years.

UNITY is our reality, we are all aspects of the One Mind and all those who rob and steal, and do heinous degenerate things murder do so

because they are slaves. Remember, the evidence of the satanic consciousness is the desire to exalt oneself over ‘others’, and the satanic consciousness creates the division in the mind, which makes the duality, which sustains the delusion—and is suicide. So many people are unaware that when they look in the mirror, their own body is reflecting back to them their own most secret desires, their motives and the record of their behaviour. No one escapes this, it is the whole purpose of having a body, is to guide us in the ReGeneration of our character and the attainment of conscious immortality.

Our body teaches us **HONESTY**, it is constantly speaking to us to look at it, identify by its infirmities what aspects of character we are to change, and to invoke the Spirit to teach us how to change, so we live in alignment with the Living Law, and with our own blueprint, which produces health and happiness.

“Be ye perfect, as your Father (spiritual source) in Heaven is Perfect”.

“But that on the good ground are they, which in an honest and good heart, having heard the word, keep it, and bring forth fruit with patience.”

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are metaphysical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
