APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

LESSON 35: 'Satan'

We live in a world, where the general consensus appears to be that 'Satan' is God's enemy and that they've been "fighting for eons".

Logic tells us this is incorrect. Evil, being something 'created' or 'perceived' is not an eternal principle.

The first reference we have of 'Satan' is in one of the oldest books in print, the Book of Job.

"And the LORD said unto Satan, Whence comest thou? Then Satan answered the LORD, and said, From going to and fro in the earth, and from walking up and down in it".

This is the oldest record we have of 'Satan'. Here, in a nutshell the writer is explaining how, through the ages we have built up, in our minds a state of consciousness, which has prevented us from fully knowing ourselves / God-Self.

We do not know God to the extent our minds have been darkened by the Satan of intellectualism, which has captured the mind and set up its throne there.

This is not something we are to be afraid of; it is something we are to be *aware* of, and prepared to the necessary work to overcome.

The 'Satanic' consciousness is not the worship of some horned red devil, which itself is an analogy, it is the darkened intellect, which has usurped consciousness and lives life according to material standards and causes all the

division, lies, sickness, sin, disease and death in the world.

The 'red colour' refers to our blood, through which the subtle forces work through us, and the horns refer to the carnal mind, the lower mind in us which is animalistic, violent and undisciplined.

In Revelations, we read:

“He that overcometh shall inherit all things; and I will be his God, and he shall be my son”.

Paul writes in Romans:

“For the earnest expectation of the creature waiteth for the manifestation of the sons of God”.

We achieve our Daughter/Son of God consciousness here and now, not by dying and going to 'heaven'. Rather by, as the passage states: by “overcoming” and we overcome through daily con-

certed effort, in exactly the same way we overcome our ignorance of how to play the piano; by sitting in front of it every day, learning the keyboard layout, the keys, the octaves, the sound of every key and then practicing playing.

The piano is just one example of the multitude of musical instruments we have, each is an *invention teaching us about our own mind-body unity*.

We “overcome” our own ignorance of ourselves through getting to “Know Thyself” as was inscribed over the entrance to the temple at Delphi.

We learn how to master ourselves, by gaining dominion over our own lower mind, the 666 mind, and by purging our hearts and minds of its influences and ascending into the 888 Higher

mind and living through it, experiencing the benefits of a much higher state of consciousness.

If one reads Luke chapter 4 where Jesus (I AM) is tempted of the Devil, and *puts it into context as an inner dialogue within each of us*, one can easily see how the un-illuminated, emotionally retarded, intellect (Satan) promises it can give Jesus (I AM) everything, IF he will serve it... *and this is the situation in the world today.*

The intellect is exalted in schools, shaped according to the world's standards, and stamped with facts and figures and those who succumb are promised all the riches of the world... The price... **they will never truly live**, nor enter into the fullness of Life, *waiting for everyone of us in Unity with our Higher Self—God.*

Jesus (I AM) and (Satan) the un-illuminated intellect...

When Jesus (I AM) is tempted of Satan, he denies each temptation in turn and then the conversation is terminated in this way:

Satan: "If thou therefore wilt worship me, all shall be thine. And Jesus answered and said unto him, Get thee behind me, Satan: for it is written, Thou shalt worship the Lord thy God, and him only shalt thou serve".

This is an *interior dialogue*, where the Higher mind within each of us, recognises the power and importance of the intellect, and makes it subservient to the Spiritually and emotionally intelligent Higher Mind.

In another instance, when Peter, who represents our own Faculty of Faith/Illuminated intellect, is following Jesus, yet vacillates be-

tween the lower and the higher, Jesus says to him:

“...Get thee behind me, Satan: thou art an offence unto me: for thou savourest not the things that be of God, but those that be of men”.

He says this to Peter, calls him Satan, because we *are all fallen under the satanic spell when we yield to the intellect and its standards and ‘laws’ and material conditions.*

This “savourest the things of men”, is the mind saturated with the materiality of the Race Thought Atmosphere, with materiality, with selfishness, and Jesus identifies it and sums up its action in us, as did the author of the Book of Job, in the name ‘Satan’.

Our work, as I stated in the Ash Wednesday lesson, is to *lengthen the periods we are in the Higher*

*mind, minimise the periods we are in the lower mind and focus and concentrate every day on eliminating the periods we are in the lower carnal mind and attain to the higher **permanently**.*

The celebration of the resurrection into and living permanently from the Higher Mind is Easter Sunday. The celebration of the Risen Christ within us, the Light of Consciousness increased to the extent that death has been swallowed up in victory, to bind the hu-man family in its grip no more.

KNOW that all the names of all the characters whether in the Baghavat Gita, (Krishna is a type of Christ) through the Vedas, and all the ancient texts, the Tao te Ching (the “Way of integrity” in other words the way of living by the Spiritual blueprint of one’s real self) The Old Testament—

the Old enslaved and degenerate will, the New Testament, the New Redeemed and Free Will, and many more, are ALL teaching us various aspects of our own composition, how to mature into Self-God-Consciousness and free oneself from the delusion that this material world is all there is and the erroneous standards of living, and all the suffering and wars, which arise from that mental delusion.

These erroneous standards are many and they are ubiquitous, all around us... and identified as all the forms of 'sin', or the identification of the manifestation of the fruit of the seed ideas which prevent us from manifesting our Higher Mind and transforming our nature.

'Sin' is falling short of expressing our highest ideals...

The world teaches, in numerous ways to 'love' these sins, to disregard their lethal nature, and creates a strong desire for everyone to participate, and this is what *we are all to overcome*.

WE overcome via recognising WE HAVE this Higher Mind, and by calling on it every day, so that as we DRINK its Spiritual power, the dark psychic forces living in us, through us, enslaving us, become weaker and weaker until we totally overcome their bonds.

'Satan' is 'red' because he represents the psychic forces living *in us* having hi-jacked the intellect and setting the whole human family against one another. Having captured the intellect, the blood flowing through it is 'devilish' and divides each from their neighbour.

When the context of the script-

yours is understood, each person can go within and do the work, and *say the necessary words* to overcome the dark psychic forces living within and all around us.

As long as the hu-man family is fragmented and deluded into thinking that 'the enemy' is 'out there' just as long shall people be fighting and warring, over the land and its resources and sustaining the sleep of death.

Over the last few thousand years, the Satanic consciousness has affected the hu-man family deeply, continuing to increase the hold it has on it, and using every form of deceit to cause people to forget about the Light within ALL of us.

When the politicians who formed 'the church' hi-jacked the script-yours, they were not aware of their deeper meanings... the par-ables hide the Wisdom, not from

us, rather *for us* to dis-cover as we grow and mature into Spiritual consciousness.

That awakening is ongoing throughout the World. First the great awakening, then the great education into a practical understanding of, and living by the Decalogue and reaping the benefits of doing so.

AS we live by the Law, we put on more Light and this is “Jesus fulfilling the Law” empowering every person, renewing mind and body and casting out the dark psychic forces, which have divided the hu-man family.

The meanings of the name ‘Satan’ are many. In the ancient languages one word could have compound meanings depending on the context.

Jesus, at one point refers to “the synagogue of Satan” and this is

exactly where those who have hijacked the scriptures, pretend to be their guardians/teachers and yet do not understand them, and so live according to the material standards and traditions they have inherited, and so, being bound by selfishness, greed and exalting themselves over others are “the synagogue of Satan”.

This accumulation of thought, called ‘Satan’, has taken on a measure of our life and then reproduced after our likeness, meaning each generation of evil thoughts can and has become self-perpetuating within us. So, the human family has not attained permanent peace, because the division of the satanic consciousness has prevailed.

‘Satan’ means ‘an adversary’, ‘accuser’ and ‘false accuser’ and ‘liar in wait’ ‘hater’ ‘opposer’ ‘contradictor’ and Jesus called

him the “father of lies”. He is the selfish personality, and as ‘personality’ lives by ‘division’ as each personality sees themselves as distinct from the other.

This distinction is ‘division’ and originally the ‘dividing’ quality of the intellect was good: *analysis*. *Analysis* served US, yet, when the intellect falls away from the Light, the analysis no longer serves the principle of *synthesis*, *of understanding how everything is ONE, and this is the status in the world today, with the lower mind ‘dividing and conquering’ and producing all the wars and suffering, homelessness, greed and death.*

When we seek to overcome Satan, there is resistance similar to the ‘resistance’ that rust on metal produces when one is seeking to clean it. The metal has become

the rust and it is the rust's nature to rot the metal.

Through ReGeneration we are to identify the 'rust' we are to infuse it with the superior Spirit of the Higher mind and transmute it, so that the fruit of the lower mind; sickness, dis-ease, suffering, greed, fear, the lust for power, etc., can no more live within us.

As the concluding chapter of the Book of Revelations shares in regards to our body temple:

“And there shall in no wise enter into it any thing that defileth, neither whatsoever worketh abomination, or maketh a lie but they which are written in the Lamb's book of life”.

This is what we attain to, when we live from the Higher 888 mind within us, and do the necessary work to liberate ourselves from the Race Thought Atmosphere, and its influences, which

sustain the character called
'Satan' within us, and when we
attain, via the Spirit, Self-control,
'Satan' is no more.

End

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
