APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

ESSAY: THE TRUTH

Having responded to The Call, we learn very quickly that the Truth is an absolute, which is Spirit, and it is flowing within us, and is all around us, and is synonymous with the Spirit of God.

“Ye shall know the truth, and the truth shall set you free”.

There is an intellectual aspect to truth, which we can see mentally, and there is an emotional truth which takes more time to manifest.

For example, we may seek to manifest an ideal, and we see the image in mind. This is an intellectual aspect, the image is real, we can see it individually, yet, because it is not yet manifest, it is not yet true for ‘others’.

When we understand these basic aspects of truth, we are not so quick to judge by appearances. We come to know that the Spirit of Truth is omnipresent, and that it is standing behind or under every person, place, animal and thing. When we see this, we are said to

have developed ‘understanding’. That is, we can mentally comprehend the Spiritual forces which are standing behind everything, and are forming this world.

The truth is not as obscure and as difficult to know as the world at large thinks. It is obscured by the Race Thought Atmosphere of the locale we are each born into, and this is why travel ‘broadens’ the mind, because it enables one to encounter the various atmospheres all over the world, and learn from and make adjustments as we grow and learn.

The truth, in sacred scriptures uses the same words material thinkers do, yet the ‘understanding’ of these words reveals a different story.

“The letter killeth, the Spirit gives life”

The “letter killeth” because it is the materialistic interpretation, which is devoid of understanding. The Spirit gives life, because it unites our Soul with a comprehension of the invisible forces and this understanding nourishes, and strengthens us, imparting more life.

It should be obvious to the reader, who has been participating in the Lenten Series of Essays that the sacred script-yours, are teaching us about ourselves—and the modern term for

this is psychology.

Psyche is Greek for Soul, it is the sum total of who and what we are. The personality, comes from Latin, *persona*, a mask. The Personal is the body of appearances with its corresponding characteristics or 'personality.'

The word person, is short for persona, and persona, is a contraction of two words: per, meaning unit, and sona, meaning sound.

"In the beginning was the Word..."

Back to Genesis and God forms 'Adam', and breathes life into him, and Adam represents each of us. We do not breathe, God breathes through us. So, as we live and grow from a sperm and ovum fused together, we embody the Spirit of God, and when we are born, IF, there's been no interference by materialistic thinking, drugs, or 'karma', etc. We shall be born happy and healthy.

Each of us born into our own locale and immersed in its lifestyle, so we adapt to it. We are formed by it. We are a product of it.

UNTIL, through some event in our lives, we awaken to the reality that the world we can see is a projection of the minds of those who went before us, and we are not subject to it, as soon as we align ourselves with the Truth within us, breathing through us, and sharing with the world, the gifts we each came to share.

There are so many traditions that people adhere to, without knowing how they came into being, and what purpose they served and they continue them through habit, and as each locale has its own traditions and habits, these have become contentious and have led to, and still do lead to wars.

As long as these traditions exist, just as long shall they enslave the minds habitually impelling those living by them. Once we understand any tradition, we then can choose whether it is relevant to our needs or not.

Understanding is what gives us the choice. When we are carried along by tradition, peer pressure, man made 'laws' then this is mental slavery.

On the topic of laws, I shall repeat that the Divine Law is written within every heart and mind, when we are conscious of it, and we align with it, we are continually inspired as to how to live.

The Divine Law is, in this way, the Doorway to Everlasting Life. The story of Moses receiving the Commands and giving them to the people is a dialogue, which is going on within every person. When we understand the Law lives, and lives within and all around us, we can see the very idea of men making laws is the result of a lack of understanding.

The reality is the Divine Law has the purpose of ensuring peace of mind in an individual, and harmony in society, because it holds every person responsible for their every thought-word and deed, and no one escapes.

All the events of life itself are the working of the Law, and the Law is leading us to Wisdom and Love, and when these are maturing within us, we are hapi, and peaceful and calm and creative.

Throughout the process of life, we are, when we consciously participate in the ReGeneration, purging the concepts, the traditions, the ideas of sickness, illness, diseases which we inherited from the Race Thought Atmosphere.

As we shed the old ways, like a snake shedding its skin, we are incrementally renewed. We are putting off the corruption, the muddiness of the pool into which we were born, and this renewal is called being “born from above” (relating to the higher 888 mind) and is often referred to as being ‘born again’.

Many who do not understand the process and who claim to be ‘born again’ use the title as a club, to beat others up. This is another of the satanic egregores’ ploys to make being ‘born again’ distasteful, and unappealing, and to turn seekers of the truth away.

These egregores, these demons, these jinn,

and fallen desires under the control of the lower mind, are self-perpetuating self-adaptable, like memes (and often transferred through memes). They were created by Words, and they have been sustained by Words and planted their seeds in the minds of the whole human family, setting many against each other, infesting their minds with materialistic ideas, which created, and sustain division.

To be aware of this is to live on another plane, either the Cross, (777) or the Higher Mind (888) and be able to stand at the gate of one's garden of being, and prevent these ideas from taking root in your garden.

If an idea cannot take root in the Garden of Mind, it cannot manifest in one's life. Right here is the truth of how the world is shaped by thoughts, formed in the imagination and finally made manifest as the world of appearances, which those in error call 'reality'.

The *reality* is that the Light of Spirit is projecting through the mind, the world of *appearances* and the world of appearances is changing according to the concepts each member of the human family projects.

WE each have an infinite resource, the 'Door' to which is within us, and the 'lock' on the door is the Divine Law.

The Divine Law works like a 'combination

lock'. It guides us through life, as we live according to the motives of our hearts. Whatever our motives are, it will guide us 'right' and then 'left' and finally, when the 'penny drops' in our minds, and we have an 'aha' moment, the Spiritual import of the Law is registered within us and the tumbler within the lock swings back and that opens that part of the lock.

As we learn the Spiritual import of the Law, and *realise* it lives within us, and is *registered* within us, each precept with each 'aha' experience, that is *written into our hearts and minds we find that every idea and thought we have is being brought under the Dominion of the Law, and this develops within us, Wisdom and Love, Kindness and Compassion.*

Every day we live, we are judging the events of our lives on the scales of Truth. We are constantly asking ourselves if what we are doing is in alignment with the Living Law, and IF what we say is going to bear us good fruit.

The truth is that every Word is a seed and every mind is a garden and we are sowing and reaping in each other's gardens as individual awareness, Wisdom, Love and the dominant characteristics of each person dictates.

Aligning with Wisdom and Love, teaches us the simple truth: *We reap what we sow.*

Any doubt over whether we reap what we sow is one of understanding the seasons of our lives. Doubt is initiated and sustained by being born into a muddy pool of a local Race Thought Atmosphere and its influences governing our whole lives, until we awaken from it.

Many people who live longer lives, the hypnosis, and yes, it is a deep hypnosis which binds the hu-man family in suffering, wears off, through thinking and reasoning and contemplation they awaken from the Race Thought Atmosphere induced sleep and when they do, the truth becomes obvious to them.

The egregores of the world system seek to separate these people from the community, lest they awaken everyone up. So they have over many generations worked on dividing families, and giving names to generations so they can be further divided. So much so, that the system divides continually, and communities are few and far between.

Grandparents and parents who awaken and begin to speak up, are side-lined and put into homes. They either speak out and are misunderstood or medicated or they withdraw within themselves and speak less and less because they see the Race Thought Atmosphere, how deep the hypnosis is, and do not know how to

awaken their own families.

So, the Race Thought Atmosphere obscures the truth when one thinks materialistically. Yet, when one LOOKS at the world with a Spiritual Mind, and *realizes* what each message embodied in every manifest invention, and building is teaching us, then this real-eye-sation is the Truth.

WE are all in the process of “Let us make man, into our image, *after* our likeness” .

This is first an ideal, then the ideal is worked out in the manifest world. How we see ourselves inwardly, is projected onto every cell of the body.

The most important teaching in the world today, is that our body is *our Book of Life*, and that it is a *vehicle for the expression of the Spoken Word*, and that every person is completely responsible for their every thought word and deed, and our level of health, peace, Hapi'ness is the Truth which is teaching us if we are degenerating and dying or Regenerating and in *The Way to Life Everlasting*.

It has been said that *mathematics* is the true language of science... this is a half truth, because every letter, every symbol is *both force and form*. When we use words, letters, symbols, hieroglyphics, etc. We are bottling up energy, and the force of the vibration has

formed the shape of the letter, symbol and words, etc. So, when we know and understand this Truth, and we seek to be in alignment with the Law, that door with all the levers opens within us and charges our words with *more power, corresponding to the degree the door within us is opened to receive the Spirit*

NOW, this Spiritual power is the emotionally intelligent or active side of the Truth. It supplies us with 'life', the ability to do, and when this power flows through the human body, it heals it, it charges it with Light, it strengthens it, it purges it, it in-lightens the mind. Enlightenment or more accurately in-light-en-ment, where we experience the absolute bliss of the inner Fyre of God in our hearts, the light reveals to us the condition of our garden, and enables us to recognise the wheat and the chaff.

When the 'light is on' it does not ReGenerate the garden for us, we are each to do that ourselves, and this simple truth is *exactly what life's analogy is telling us: when it is light, it is time to do the work and set everything in order and be the Gardeners of our Minds:*

"...and they shall beat their swords into ploughshares, and spears into pruning hooks; nation shall not lift up sword against nation; neither shall they learn war any-more."

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on their context, and also, which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, riddles, analogies, codes and koans, etc., in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide. If we submit to the will of another, this too is slow suicide and contrary to the Divine Law. When we align ourselves with the Divine Law and live by it, we THRIVE.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
