APPLIED META-PHYSICS, THE
SCIENCE OF BE-ING AND
KNOWING

LESSON:

**This corruptible must put on
incorruption.**

In the King James version we read:

“For this corruptible must put on incorruption, and this mortal must put on immortality”.

As we progress through the process of ReGeneration, we are being transformed. The progress for each person will advance at a different pace, yet, the transformation will continue until it is complete. Of this you can be confident.

In each of the lessons shared with this group over the last two

years, and also in this Lenten Season, I have shared many aspects of the meta-physical import of the scriptures, and of ‘religion’, all relating to this process of *ReGeneration*.

“Verily I say unto you, that ye who have followed me, in the regeneration when the Son of man shall sit on the throne of his glory, ye also shall sit upon twelve thrones, judging the twelve tribes of Israel”.

- Jesus

In the New Century Version, of the Scriptures the teaching about the corruptible putting on incorruption is phrased:

“This body that can be destroyed must clothe itself with something that can never be destroyed. And this body that dies must clothe itself with something that can never die”.

Each lesson has the purpose of sharing with you an aspect of **SELF**-knowledge you may not have known about, or discovered. Yet, once known and understood and lived by, the **light** contained in the in-formation shared in each lesson, will contribute to your transformation.

The intellect, which, for thousands of years has been exalted over the emotional intelligence and over even the body itself, is going through a transformation.

As it is illumined by the Light of the script-yours, the day will dawn when ***it realises it is not the king of the hill, Spirit is,*** and that when the intellect submits to the in-structions of spirit, everything gets better and better.

Illumination is real... it is the result of the Light of life within us increasing in intensity, imparting its qualities to us, strengthening us, and flowing through us tangible like electricity.

When the Spiritual flow increases, it becomes more real and tangible to our minds and feelings, and imparts ***grace*** to us. When we have these experiences, they confirm to us that we are making progress ***in The Way***.

What is happening is that this corruptible body ***is putting on incorruption***, and to complete the sentence, as written by Paul:

“this mortal is putting on immortality”.

Paul could only know this if it

was a real experience *he was participating in*. The whole of scripture is written '*under inspiration*', this means recognizing and experiencing the real and tangible presence of the Spirit guiding one's ReGeneration.

One can read the whole section in 1 Corinthians chapter 16.

As we learn, we awaken more and more to our True nature... and the ***light*** of our true nature *percolates* through us, radiating from the various centres throughout the body illuminating us.

Some ancient paintings illustrate illumination, where the artist drew a *halo*. This is what we today would call the aura and its

light is real and tangible... it is our own individual ‘Thought atmosphere’.

Throughout Lent, as we focus on *fasting from destructive and degenerate thinking*, these ideas, then wither and die within us, and the *ideals we seek to express strengthen us, and renew us*. Consequently the **Light** of our own aura intensifies.

This increase of awareness of our own Light, is how:

“this corruptible puts on incorruption”.

Unfortunately those who hijacked the scriptures and posed as ‘the church’ have so twisted the meanings of so many passages, that at the very mention of the word ‘religion’ so many peo-

ple are *triggered* to turn away. They are not aware that 'religion', is *the defragmentation and consequent renewal of the mind, and our mind's renewal is the single most beneficial process anyone can participate in.*

Everything shared in these ancient texts is saturated with the blood of martyrs... those inspired men and women, whom, having united with the power of the Holy Spirit/Shekinah had become *incorruptible...* they had become sovereign, *they embodied the Truth which made them free of all sickness, disease and the wills of other people, as well as, at that time, the fear of death,* and this was a threat to the sleeping politicians and rulers who could

not see past their own greed and desire to rule, to realise that they could never halt or destroy the evolution of consciousness.

Even in today's world, with more than enough for every single human being to live in *simple luxury*, the sleeping and corrupt politicians, both in government and in the so called religious institutions, and the corporate world, cannot see beyond their own greed.

Yes, I AM acutely aware of the fact that *many sincere people* are drawn to these organisations and seek to help others, yet as long as they are a part of a corrupt foundation / teaching / organisation their efforts are much less effective...

“...the truth will make you free...”

Also...disentangles the mind from the Race Thought Atmosphere and its egregores, its group think, its man made institutions, which sustain division, fear, greed and wars.

The word ‘church’ is ‘ecclesia’ or ‘called out ones’ and refers to those who *hear and feel* the prompting of the Spirit within them and they listen to it and act, and in doing so *disentangle* themselves from the world, its Race Thought Atmosphere and its corruption. This true church is composed of people who live by the Spirit of Truth as they receive it, not by the so called laws of men. The reality is that the peace the world seeks is attained

through the power of the Divine Law, which is so misunderstood. Yet, when it ***is understood and lived it liberates everyone.***

When Jesus states:

“I come to fulfil the Law”,

This is our own **I AM** imparting the deeper meaning of the Law to us, so as we participate in the Re-Generation and align with the Law, the deeper insight into the meaning, floods the heart and mind with Light and liberates us.

All of the ‘laws’ that men think they can make are written through fear and ignorance of the fact that the Decalogue is a **Living Law**, written **within us**, and when we are in alignment

with these *instructions* **they are sure guides on how to live in peace and harmony.**

Presently we have tens of thousands of laws, written over thousands of years, with tens of thousands of ‘case histories’ and ‘precedents’ which people fight over, and this system is sustained by ruse and deception because it has proved to be exceptionally lucrative, *not because it increases understanding of human nature or heals the corruption in any way.*

The Divine Law is the *Doorway to ‘Heaven’* to abundant life, health, peace and prosperity, and as it lives it requires no one to ‘enforce’ it. It’s reach is omnipresent, across lives and holds

each of us responsible from one incarnation to the ‘next’ as the lower mind arranges these things according to the logic it is capable of understanding.

Let’s use an example:

“Thou shalt not steal”.

As Genesis clearly points out, *God breathes life into us*. So we are the offspring of God. As such *we are not our own...although* those who write ‘laws’ think they are.

What

“thou shalt not steal”

means is: **EVERYTHING, INCLUDING OURSELVES, BELONGS TO, AND IS AN ASPECT OF GOD.**

Now, where there is a compre-

hension of this deeper import, and the individual lives by it, the amount of life flowing through them increases.

Where we contravene the divine Law, the LIGHT within us recedes and the deep hypnosis of the sleep of death is the result.

Men have not understood the Law is *alive*, a living thing, operating in its own seasons, so have succumbed to their own corruption, and impatience and they've written their own rules which pose as 'law'.

In this era, the greatest crime in existence, IS that children are not taught the meaning of the Decalogue, and have no or very few people, as living examples to follow! Unfortunately, presently,

the vast majority of the Human family's quality of life demonstrates ignorance of the real power of the Word to heal.

Fortunately there are many people awakening and realising that the Law Lives, in and all around us, and when called upon, its workings become more evident in our lives.

The Living Law works to teach us the best lesson in the best way.

In our brains we have the dura mater and the pia mater, the hard mother and the tender mother, sandwiched between them we have the arachnoid, the web. This structure teaches us the interconnectivity of all things... For as "within us, so all

around us”. This is the Hermetic principle.

The dura mater is the logic or ‘hard’ side of the Law, it states if you fall of a cliff, you are responsible and there’s going to be some form of injury.

Pia mater is the tender, nurturing side of the Law, says: “if you survive, I will nurture you back to health”.

The arachnoid, the web, is the nervous system and it is not only in our brains, it is the model for the WWW, the internet and all the connectivity we have today.

You read this on an electronic device, and I wrote it on one ...and this IS the interconnectivity of the nervous system of

the **ONE BODY OF SOCIETY**.

As we heal individually, as individuals awaken and become more immersed in the consciousness of the omnipresent Spirit of God, so too is the LIGHT broadcast through the World Wide Web, carrying its message to every part.

What we express, that we are.

When we are hateful and greedy, and corrupt, and seek to harm others, or be 'successful' at their expense, this will be written into our own bodies, and when we are kind and loving, and compassionate, this too is written into our bodies, as us. *The former is corruption, and the latter is incorruption.*

So, this daily life we each have is a gift, each event is teaching us what we need to do to ReGenerate, and the ReGeneration is ongoing, whether people are aware of it, like it, agree with it, or not.

The script-yours written by adepts and seers and protected with their lives and deaths, are a *tremendous gift* to us, teaching how to *know ourselves* more deeply than is possible through any other means. They have been criticised and played down and twisted because as long as there is confusion, someone can *claim* to know 'better' *and control you*. This is, and always has been the *modus operandi* of rulers and political organisations throughout history.

The world is as it is today due to a severe lack of ***Self-knowledge*** and ***SELF-Control***, and both of these are the fruit of the Spirit. Without the Light of the Spirit shining in consciousness, there is little Self-Knowledge, and without the love of, and for Spiritual Light, there is little Self-control.

Where Self-knowledge and control is lacking, replacing them is the dark forces of the Race Thought Atmosphere, which permeates the world creating a *psychic* darkness, which prevents people from realising *each is our brothers and sisters, and that in reality WE IS ONE*. This fragmentation, is the result of the corruption, which has infested

the hearts and minds of the human family... “you die if you do, you die if you don’t”, is one of the most common *egregores*, which deceives the human family and deprives it of even the motive of seeking the abundant life that would otherwise dissolve the darkness and show the human family the Way to Life, Health, Peace and Prosperity.

Paul’s statement is clear, it is succinct:

“this corruptible, must put on incorruption, this mortal must put on immortality”.

This is not at some far away ‘resurrection’. Living from the I AM within **is the resurrection:**

“I AM, the resurrection and the Life”.

The only way to know the Truth of the *script-yours* is to live them. Let us think more deeply about the gift of these teachings, let us apply ourselves to understanding them... and living by them to demonstrate and prove them. Only when we understand and live by them, does this:

“corruptible, put on incorruption, this mortal put on immortality”.

How? Through *ReGeneration*, by dissolving every idea in mind, which is harmful, destructive, fear-mongering, greedy, and which sustains any and every form of corruption. Our carnal mind (666) cannot do any of this. Our Higher SELF, our higher mind (888) is calling us to receive its gifts, our Intuitively wise

(999) mind is guiding us, we just need to listen to its 'still small voice' and heed its advice... and The Conqueror, (1,000) is the Spiritual power, which when flowing through us proves the statement:

"With God, all things are possible".

Remember the Garden is the SYMBOL and structure of Consciousness, and therefore of **PURE POTENTIAL** and whatever ideas we plant within *and continue to cultivate* will bear fruit.

Let us ReGenerate our gardens and in doing to transform ourselves as this *corruptible puts on incorruption*.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
