# APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

## ESSAY: A PERFECT WORLD

**Many people** doubt that a perfect world is possible. These days have darkened, they have become tangibly so dark that a great many people can feel their oppressive forces for the first time.

These oppressive forces have taken millennia to accumulate, yet, despite their prominence and ability to influence behaviour, they are dispelled immediately by the Light of Spirit we each contain.

OUR task, is to sound the depths of our being, make the connection consciously to the ONE stream of Life, which animates us, and learn to guide its expression through the garden of our consciousness, watering those plants and seeds, which shall grow into thought-forms and behaviour, which produces a pleasant life.

Thus, thought by thought, word by word, deed by deed we refine the Race Thought Atmosphere and purify it, and in doing so, we overcome, all the established hardships, which have kept the world in darkness for millennia.

**How** can we know this for certain? Simply because, we live in a world governed by exact and Living Laws, and these Laws live in us, producing the results of our lives each day.

As you read these words, you do so as the result of the Living Law at work within you, which has brought you to THIS POINT in your life, and no other.

This is how exacting the Living Law is, it holds us responsible for our every thought, word and deed... and when we know this deep within ourselves, our attention turns within to our own garden, and we ask ourselves:

How can I perfect my garden, and demonstrate the greater powers of the Spirit?

The answer is, by acknowledging that within us, we have sustained the old thinking, and it has born its fruit.

To attain to the greater powers of the Spirit, requires the same amount of daily effort as is required to attain anything else.

Would you like to learn to bake bread? Then you need a recipe, the right equipment, the ingredients... and then you must act.

The desire alone will not make you a proficient baker. Learning what to do, and then doing it will.

Likewise in the garden of mind, if you would beautify your garden, you need to recognise the seed ideas, which have produced the 'weeds', the pain, the suffering, the disorder, and then do the work in the garden of mind to cultivate the ideals, which produce, peace, harmony, and beauty in your garden.

This renewal of the mind, is the very essence of ReGeneration... where, you recognise the ideas, which have produced the disorder, the suffering, the poverty, and you uproot them using the power of your word, and you sow and cultivate the ideals, which describe the conditions you'd rather experience.

Persevere... the old thinking has taken a lifetime to build up strata within you, and the production of the old thoughts appears 'automatic', yet, the reality is, they are the result of long established Race Thought Atmosphere, and you have the power within you, to overcome every last one, and restore peace and health.

THIS is exactly what 'religion' is... the defragmenting of the mind, and restoring unity and harmony by the INNER Light of the Spirit.

This restoration of the consciousness of your Spiritual power is constantly imparting life to us all.

NOW, the KEY is to be aware of this Divine Spirit imparting Life to us, that it has its own Living Law, i.e. The Decalogue, and that every inlet requires an outlet, for the Living Water to flow pure and strong, and VITAL.

Whenever one reads or hears of the word 'religion', their mind tends to gravitate to one of the world's major 'religions'. Yet, this is an error... whenever we identify ourselves with a school of thought, we limit ourselves from acknowledging the Truth of our being.

To be free we must also free ourselves from the idea of belonging to any school of thought... and to understand that 'religion' is the process (in the world) of binding back all the fragmented truths scattered throughout these schools of thought into a unified whole.

So, the deep mysteries of those who seeded this huge task, traced the symbolism contained in each school of thought, and they understood each school of thought used their local language and terminology to describe THE WORLD and OUR OWN BODIES, we live in... and rather than there be 'many religions', there are many descriptions of the ONE PROCESS OF LIFE AND REGENERATION.

When people identify themselves with an 'ism' an 'am' an 'ist' a 'ianity' they are clinging to the effects, they are clinging to the language of

a people, and they are ignoring the Truth, which was the foundation of whatever school of thought they claim to subscribe to.

The establishment of these schools of thought had been a necessity, for the Truth speaks to all people in all areas at all times.

Disparity arises when the lower 666 mind seeks to use what little truth it has grasped for its own selfish purposes. So, this sets people against one another, because, in their ignoring the reality, that ALL Truth pertains to OUR WORLD,

Different peoples used their own language to describe **the exact same phenomena**, yet, they have been misled by those who assumed power within each group, into thinking the 'other' is the 'enemy'.

So, the whole world is fragmented, and those who are most in need of peace and relief from pain, are those who are most deeply entrenched in the own school of thought, posing as a 'religion', yet, by its very nature, prevents them from perceiving the Spirit within them.

The WAY out of this is the acknowledgement of the reality that we do not breathe, the divine is breathing through us, and when there is widespread understanding that our "Body is our Book of Life" - a Living record of every

thought, word and deed, then each will do the necessary work to regain Self-Mastery.

The deception with all of these schools of thought posing as 'religions' is that they are all waiting for someone, or something, when the Truth asks us to ACT NOW.

NOW is the Time of Salvation.

NOW is the time to live according to our highest understanding.

NOW is the time to invoke the spirit to inspire us with the right words, to enable us to navigate any storms of the sea of Life.

NOW is the time to go within and listen for the 'still small voice' - and receive its instruction and live by it, until, the "still small voice", and our own voice merge and become one and the same.

NOW, we each have access to the Living Spirit and its power.

The reality is that a living 'Religion' teaches us constantly, every day, what to do, how to do it, how to live in peace and harmony, and to restore health wherever it has been lost.

For it is out of the Spirit that everything takes form, and we each have within us, the faculties

of the mind, which enable us to **distil the Spirit into manifestation.**

Pain is the manifestation of that same spirit, and the pain teaches us we are out of sync with the Living Law.

Then, the question is” What did I do to feed the Living Law a seed, which produced this pain?

Seek the answer and then accept responsibility for it. Then sow the seed for the regenerated manifestation of perfect health.

Remember, every invention is teaching us the qualities of, and how to use our own minds in alignment with pure motives (our purified hearts) every day.

There is an invention, which draws pure water out of the air, where even only a limited amount of moisture is available—this machine will extract the moisture from the air, filter it and make it fit for human consumption.

Right here is yet another invention teaching us that our mind has qualities analogous to this machine, and the AIR IS THICK WITH GOD.

When we focus on the omnipresence of God, we become more and more aware of the Spirit of God, permeating us, and all around us. As

we become more aware we know wherefrom we are calling the Spirit into action in our lives.

We then create the image of health we seek, and we affirm it is ours already, before we ask.

Right here is where we have stumbled in the past. We have not acknowledged the omnipresence of God, we have not continually sought to practice the presence of God, even though we are not breathing, God is breathing through us.

So, why is this?

It is because the Race Thought Atmosphere has darkened our minds, drawing them into the materialism of this world, and this Race Thought Atmosphere acts like a fog, preventing us from fully acknowledging the presence of God.

Knowing this, we focus on the omnipresence, we strive to be aware each moment of God's presence, IN and THROUGH us, and we hold our Space in God, resisting the lure of the world, which causes us to lose sight of this omnipresence .

How does the Race Thought Atmosphere take root in us?

Via the spoken word, via the environment, via, the atmosphere of the buildings we visit. The lower mind's activities, we are saturated in—THIS is why we are taught to “be in the world, yet not of it”.

We achieve being “in the World, not of it”, by consistently re-mind-ing ourselves that we are Spirit. A good Affirmation is:

**I AM Spirit**  
**I AM Life!**  
**I AM that I AM!**

In this affirmation, one is reaffirming oneself as Spirit, and the Spirit imparts Life, and the Higher I AM shapes the Lower I AM, and one regains control over each aspect of one's life, as the words emitting from the Spirit when one is consciously united with it, are far more potent and powerful.

Demonstration is KEY.

As we focus on empowering ourselves, we demonstrate to our other selves—to each ‘other’ the power available by going within.

A True demonstration is of much more weight in persuading ‘others’ of the power we all contain, than thousands of intellectual arguments.

One demonstration of healing, as the Spirit

flows through a person anointing them, has no argument against it.

What is, IS.

So, the Spirit of Truth is that INNER power we perceive, which words do not exist to describe to another, yet, when one **tastes it**, one can describe to others, where they too can go within themselves to taste the same Spirit of Truth and become empowered.

The experience of each individual tasting the Spirit is essential, because when one has tasted the Spirit of Truth, the words our forbears used to describe its actions in our lives take on greater meaning...more depth.

In the Book of Revelation we are taught that a New Jerusalem has already been prepared and comes down into the sight of the hu-man family.

This New Jeru-Salem is the New Consciousness of Peace, which has been prepared for the Whole Hu-man family from before the foundation of the so called 'material world'.

Jeru-city, Salem!-peace. It is the City of Peace, the peace of mind every individual on earth seeks, and it is already all around us and permeates us, though the fog of the Race Thought Atmosphere prevents people from seeing it,

from tasting it, and living by it.

This is why the world is as it is presently... the darkness of the Race Thought Atmosphere produces the shadows, which people react to, and all are deceived by these shadows, and react according to their influences, and so are set against one another.

Consequently, the clouds of darkness obscure the Truth of our Unity, and all those subscribing to concepts of division are set against one another.

This has been carried so far, that many think 'religion' derived from 'Religare' means to 'tie back, to hold back, to thwart from progress, to bind' and that it is a system of CONTROL based on unchallenged 'belief' which holds back the progress of consciousness'... **and certainly this is how a great many have and still use it.**

Yet, this does **not nullify the meaning of binding back ALL the world's teachings into a unified whole, by explaining how the world takes form out of us, through us, and every invention is designed to teach us our own nature, - and set us free, revealing how to overcome the fear of death, and death itself.**

The final logic is revealed in how those who

claim to be 'religious' act.

Do they seek to control you? Yes! then know that ALL the governments of the world are based on this lie, for all seek to control. The word 'govern' means to steer, and 'ment' means mind, so they all seek to "steer your mind", according to THEIR motives, NOT, for **your** benefit.

The reality is that they do so, because **they themselves have been enslaved by the Race Thought Atmosphere, its egregores, demons and jinn**, and they have been tempted by their own greed and lust for power, not realising that when they do so, they are committing slow suicide.

They, like the corrupt people seeking to control every aspect of religious experiences, do not realise their actions are the result of their slavery to the dark forces.

Again: *"For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against a spiritual wickedness in high places"*.

So few people seem aware of these psychic forces, even those who call themselves 'psychologists' do not seem to understand them, and the same applies to the various

‘officials’ of the different schools of thought posing as religions.

It is ignorance of these forces, which I have written a number of essays on, which set people against one another, and they ‘punish’ one another, and remain ignorant to the fact that all divisions and punishment feeds the very forces binding them to death.

So, the Perfect World every sane person seeks, is kept out of reach, because so few are teaching that their ability to harness the power of the Spirit is in the Spoken Word, and that by speaking the right WORDS EVERY DAY, the darkness is totally dispelled and as each person bears witness to their own healing, the New Jeru-Salem, comes down out of the Spiritual World and is made manifest in and through us, transforming this world by permeating it with LIGHT.

Let us each work every day towards this high ideal, ‘democracy’, government of the People, by the People for the People, by restoring PRACTICAL LOGICAL, POWERFUL Spiritual experiences to every person, by demonstrating that power in alignment with the Living Law—the Decalogue.

Democracy only exists where the centre of volition is within every person, and each has been educated into the deeper meaning of the

Living Law written within every cell of our bodies—into our DNA.

Two thousand years ago, when this Spiritual Power was becoming more and more widespread... the political forces could not quench the flames of the Holy Spirit transforming people's lives. Out of ALL the hundreds of systems of worship, they could not get the adepts to deny the Spirit within them—and when asked what was the “source of their power” they answered “do as we do”!

Of course the politicians of the day could have adopted any of the hundreds of systems, yet, those who were anointed with the power of the Spirit demonstrated the teachings of the sermon on the mount—when they were persecuted, it was impossible for them to feel pain, because they had aligned themselves with the Spirit within, and it had flooded their consciousness making it impossible for them to suffer.

They had, even back then, attained to the New Jeru-Salem, the consciousness of Peace and Joy—and the very same state is locked away within every hu-man be-ing awaiting their recognition of it, so its Light and Power can guide each person's life.

THIS is how A Perfect World is made manifest—through US.

**Applied Meta-Physics** is the oldest Science. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real,' because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal.' The Wisdom concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throws of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them. The parables, analogies, codes and koans in the Helios Biblia have preserved their message, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

**Applied Meta-Physics is the Key** opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do.

The equality is that the Divine Law is no respecter of personalities. We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts.

If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS! It is the GREAT equaliser and liberates everyone from death.

It is the Doorway to Everlasting Life.

PEACE.
