APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

ESSAY: I WOULD... WILL YOU...

I would that I could look into your eyes - deep into your soul to the place where I reside

I would that I AM able to let you gaze into my eyes - deep into my soul to the place where you reside

And in our looking we can re-cognize one another again, for we have travelled far and experienced much, but though the distance cannot be measured in gulfs, yet we have always been a part of one another.

This is what we feel, like the invisible magnetic force that is the magnet's reason for being.

This power emanates from an unseen source, radiating out from the invisible centre, that mystery, which has its centre and circumference occupying the same spot.

Wave on wave, the ripple effect shimmers across the placid face of the inner calm creating an excitement on the surface that cannot be contained.

The soul sings.

Its song reverberates across the cosmos creating space into which to expand... from the deepest darkness, and creating in its wake a new path of light.

Like the gravitational pull of the sun and moon and stars I was drawn to you, to speak words that have never been spoken, to unearth ancient and primordial powers, that as they radiate become the music for our dance.

Inner, outer, revolving, renewing, swirling, the light of the stars in your eyes, the powerful waves of energy radiating from your heart, and I AM responding in the only way I know how.

The earth shakes.

The cosmos sings.

The hidden powers are unleashed.

To heal the gulf that once existed so that harmony and unity prevail.

Love, the only reality, opens the way and creates and lights the path.

Will you walk with me?

Applied Meta-Physics is the oldest Science. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real,' because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are meta-physical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal.' The Wisdom concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throws of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them. The parables, analogies, codes and koans in the Helios Biblia have preserved their message, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do.

The equality is that the Divine Law is no respecter of personalities. We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts.

If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS! It is the GREAT equaliser and liberates everyone from death.

It is the Doorway to Everlasting Life.

PEACE.
