APPLIED META-PHYSICS, THE SCIENCE OF BE-ING AND KNOWING

ESSAY: PRAYER

“I will pray with the Spirit and I will pray with the understanding also...”

AND Paul, WHEN HE SAID THIS, IS TEACHING US THAT Spirit forms *character*, and by invoking the power of God via the Word, and the understanding we recognise that when we are in alignment with the Law, *we make things happen*, we manifest what we need, we heal one another, we unite and attain harmony.

Reconciling differences is the start of healing.

Paul represent the Word of Truth travelling through the

body, speaking words of Truth, awakening each part and infusing it with Life, and healing it.

So many people are looking for a 'miracle' - there's even a website, one called "why won't God heal amputees" ...it's been around for about 20 years (maybe more) - and its 'proof' that there is no God is that amputees are not healed. It goes to great lengths to persuade people that the existence of God is an absurd idea.

Once again, these authors have fallen into the trap of thinking that if God is 'good' then why did he 'plan' all the hu-man misery?

The authors miss a very important fact—their own ignorance of the power of their thinking brings suffering, and by the very same power, we bring relief.

In Life, in Science, in the Sci-

ence of the Spirit, there's an order to it. First the seed, then the shoot, then the branch, then the flower and the fruit.

Some of you will have seen the short clip, where somewhere in Africa, some soldiers give a monkey a rifle, and it finds out how to fire it! Well, these guys are running for their lives!

To handle a gun, is to hold the *invention* which tells us, *more explicitly than others*, that once you've made a decision and set a sequence of events into activity, there's no 'undo' button, no 'recall' button, no way to get that bullet back into the chamber—you've set off a sequence of events that for the mortal man are impossible to stop.

So, when infant humanity, symbolised by Adam and Eve started using the power of the

Word selfishly, they set into activity a series of events which must run their course *unless a greater power intervenes*.

So, handing a gun to a monkey is insanity. Likewise giving the power of the Spirit to those who would use it to harm is also insanity.

Now, think about this: ***ALL suffering in the world is due to ignorant use of the power of the Spirit.***

Imagine how much more destructive the human family would be if it had the kind of power to heal instantly and raise the dead... the human family would not last a week if the lower mind were to have this power, and misused it.

THAT is why the powers of the Spirit are held back, it is mental and moral degeneracy which poi-

sons the pure clear water of life flowing from within us, and our sins cause all our diseases.

So, we are to forgive sins, yet to do that we must change our value system, we must value LIFE above all else and everything else must be recognised to be of lesser importance.

The sportswoman/man excels and the honour generates the finances to take care of all her/his needs.

Greater dedication to the Truth we need—and this is not on our knees praying until our knees bleed. This is practical Truth, Living Truth, and Living Truth is easy when the I AM within empowers us, opens our eyes and enables us to understand the real value of Life and the real meaning of the inventions and material things we invent and form.

*“For I say unto you, That except
your righteousness shall exceed the
righteousness of the scribes and Phar-
isees, ye shall in no case enter into the
kingdom of heaven.*

Children indoctrinated by the past and present systems, when told about his feel lost; hopelessly inadequate... and I speak from experience... UNTIL, one understand that Jesus is teaching us that ‘scribes’ (‘lawmakers’) and ‘Pharisees’ are of the lower mind.

The very idea men can make ‘laws’ is suicide. They think they can make laws because they are afraid or greedy or power hungry, and this focus turns them away from the Living Water within them, which imparts Everlasting Life.

So, to exceed the scribes and the Pharisees is an easy thing, because they are not interested

in entering the kingdom, they are waiting for someone to come and open the gate for them and they can follow their messiah and physically destroy their enemies.

They are so lost within their own minds that ONLY the Spirit of Truth, which animates everyone of us can in-lighten and transform

Prayer is consciously drawing on the Truth and speaking it boldly into the World. No, not the 'truth' of facts and 'who is right and who is wrong'. The Truth that whatever thought we hold in mind makes us our mind, as a painter chooses paint colours to make up a painting.

When we understand this process, we can choose Wise and kind and loving, compassionate, helpful and strong, words to speak to heal ourselves and each

other.

Evil carries the seeds of its own demise—he who would murder does so because of ignorance of what little light he has left, and the ability to increase the light and purge all darkness and enter into consciousness of Life.

SO MUCH SUFFERING is caused because of the saying “you die if you do, and you die if you don’t”... and this is a dark saying with the intention of capturing peoples hearts and minds and making them feel hopeless.

Remember, the thoughts we choose we become. It’s a definite process and how long it takes depends on the state of ones Garden of Consciousness and how readily one is prepared to work in it each day.

The greater powers of the Spirit are available to those who know

how to handle it safely. There's volumes of healing testimonies in various Spiritual school archives, which, when they are made public, will inspire every member of the hu-man family to start their own healing process, and persevere if they have been on a healing journey and have any doubts.

The 'exoteric' 'church' is taught nothing of the mysteries. The esoteric church dedicates itself daily to the peaceful and harmonious revealing and demonstration of the truth, that its seed may find space in warm hearts and beautify them, as orchids beautify a garden.

The script-yours tell us every dis-ease was healed and the dead raised, and we who have experienced the power of the Spirit flowing through us in indescribable waves of energy confirm

this... YET, it takes time to develop the Spiritual Maturity that enables one to Heal as a *representative of the Spirit of Truth*.

It is a sad fact that those who hijacked the scriptures did not understand them and forced their interpretation and concept of vicarious atonement, and when they did that, the people were deprived of the knowledge of how to mature Spiritually and heal one another.

One story of how they forced their wills on others was to use a crucifix! Jesus on the cross, and threaten those they were seeking to convert that if they did not, the same would happen to them!

Another lie which followed is that the Holy Spirit was only necessary to establish the 'church' and one only needs to look at the robbery, rape, rape of taxation,

murder and wars, etc. to understand that these things happen because of Spiritual ignorance on behalf of those upholding the concept of a 'vicarious atonement' and through Spiritual immaturity and ignorance of Human nature as offspring of God. Those upholding these 'facts' do not realise they are committing suicide!

The reality is that it does not matter how many people deny God, everyone who turns within can and will find and unite with God.

No exceptions.

*"Though your sins be as scarlet,
they shall be as white as snow."*

No one is coming to do this for us—we are to forgive and overcome and attain Spiritual maturity.

So many people are looking for

a miracle, not realising Jesus did no miracles, if, by the word miracle we mean departing from or overriding the Divine Law. No, he invoked the Law, lived by it and spoke the Word and because he had kindled the inner fyre, His words were charged with Spirit and he healed.

Onlookers were left *wondering* how He did the work, and ‘miracle’ means ‘a wonder!’

The ONE Spirit did the work, and continues to do the work for all those who seek it with their heart, mind Soul and strength.

EVERYONE of us has the same I AM, animating us. There is in principle ONE I AM in existence and we are all IT.

We are to go within, invoke the power of the I AM, and use it correctly and wisely, called in scripture ‘righteously’, by speak-

ing Words of Wisdom, Love, peace, kindness and strength...

THEN, when we've proved ourselves Spiritually mature, the River of the Water of life will surge UP *within us*, fructifying our consciousness with Spiritual Life.

There is no wise person in the world even handles a gun! Never mind gives one to a monkey!

Likewise, we are to mature into the power of the Spirit, attain Self control and THEN, the blind will see.

The blind are healed by the power of the I AM, which inspired the script-yours, and imbued them with Wisdom from the higher levels of the mind, and when a reader invokes the I AM within themselves, the I AM interprets the script-yours and teaches the reader the Way to

Life.

Take any sport in the world where sportsmen and women compete at the highest levels... they LIVE FOR their sport, knowing that when they attain a certain standard then they think all their financial and many other life issues will be solved...

So FEW people on the Spiritual path realise that their dedication to Spiritual Evolution must surpass the dedication of those who apply themselves to material 'success'...

AND, the rewards, the re-WORDS, (sic) we find, once spoken, transforms ourselves and each other.

When we are growing up, a phrase we hear is: "make up your mind"... and this is such an important phrase, because the ideas and thoughts we choose, become

a part of us.

Think about this; a thief chooses to steal until the impulse enslaves him, a teacher chooses to teach and taps into the higher realms, *when their motives are pure.*

Whatever ideas and thoughts we choose, are composite parts of our consciousness and *we become them.*

Again:

“In the beginning was the Word, and the Word became flesh”...

...and as we purge hearts and minds of degenerate thoughts, the Spirit within rises and we are healed.

The passage:

“with God all things are possible”

...means: *IN ATONEMENT with God, all things are possible.*

For it is by the power of the Spirit flowing through us, from

deep within us, we are healed and when we have invoked a surplus, we are in a position to help heal others.

THIS FOR US is an INNER process, we Heal our own infirmities; we heal our own diseases, we reconcile with our neighbours, internally, then the external falls into place.

We speak of 'outside' and how many realise that 'outside' is a part of us... We have *inside and outside* and these are both SIDES to our character. What we are within we project and manifest outside.

So, what is around us is teaching us our own character and every person is held completely and utterly responsible for our every thought, word and deed... and so few realise this.

So many think that 'religion'

and 'science' are separated by some unbridgeable 'gulf', and this is the result of ignorance... ignorance among those who think they are religious, yet do not understand the meaning of the word, and ignorance on the part of the scientists, who are literalists, and have not developed the insight necessary to comprehend the psychological teaching in the scriptures.

The one way to increase the Light is through Prayer, Meditation, and meditation is the inner receiving and prayer is the outer expression.

So, we pray with the Spirit - that is the Word - and this is another reason I ask you to read audibly, so that you focus on your Heart centre and project words which magnify the Spirit within you, and give it shape ac-

according to the meaning imparted in the words you read.

Again:

"for God so loved the world that he gave his only son, that through him all might be saved"...

...AND God is SPIRIT, so God's Son must also be Spirit and God's ONLY SON is the **Word** - and everyone of us is *specifically designed* to be a vehicle for the Spoken Word, and our bodies take shape, are formed and *manifest the fruit of our every thought, Word and deed*,

Those who doubt that the ONLY Son is the **Word**, can read the first chapter of the God-spell of John, where we are told:

In the beginning was the Word.... and the Word became flesh.

Here in a nutshell we are being taught that the power of the **Word** forms us.

In another place, Jesus states:

“For verily I say unto you, That whosoever shall say unto this mountain, Be thou removed, and be thou cast into the sea; and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass; he shall have whatsoever he saith.

Right here once again, we are being taught the power of the **Word...**

Jesus said: :I and the father are One...” and we *know* “God is Spirit”, we feel the SPIRIT flowing through us in greater of lesser degrees, depending on what we are doing, and we know this body is the manifestation of the Spirit and we know when we travel to other realms we have a Spiritual body, so all these things together might not convince the intellectual, simply because the intellect has been darkened and

CAN ONLY understand the Truth once the Spirit has flooded the mind, giving that person a TASTE of God.

A friend once told me, that had he not experienced the power of the Spirit, that according to the events of the world he would have been atheist. This is a VERY powerful statement to make... that because *he had tasted God*, he kept seeking - looking past the events of the world, towards the Spirit which is the power behind everything.

“Pray without ceasing”... Paul says - and again, this is a referral to being aware that every word we think, speak, write and hear shapes *us and the world*.

To pray is to consciously draw on the Well of Living Water and express the Divine Energy *righteously* - that is with the desire to

manifest the Good, and to do so in alignment with the Divine Law.

Prayer changes US, as we open our hearts and minds to receive more Spirit, more power, and this inner flow is what heals us and strengthens us against life's storms, like the proverbial House Built on a Rock.

END

ENDNOTE:

ALL the essays shared with these groups, and in the Program A Pathway to Freedom, have the purpose of inspiring you to invest the energy and devote yourself to sounding the depths of your be-ing and draw on the living water, which right now is the only thing animating all of us.

The more you sound the depths of your be-ing and seek the Living Water, the more you shall find, the stronger you shall get, and the promise is that we shall unite fully and consciously with the Spirit and expand our consciousness to the extent that we are in this world, yet no longer of it, and attain to consciousness of the Kingdom of God, here and NOW.

Applied Meta-Physics is the oldest Science in existence. It is the study of who we are and why we are here.

It is sometimes called 'The Science of Making the Ideal Real', because it identifies in concrete terms the abstract workings of the mind, and teaches the steps every eternal idea passes through in transition from the plane of the eternal spiritual world, to become manifest on the earth plane.

The sacred writings we have inherited are metaphysical in nature. This means they have been written through the inspiration of the Paraclete using words, which have varied meanings, interpreted accordingly, depending on which level of consciousness the reader has achieved.

The *art* of Applied Meta-Physics is to 'conceal, to reveal'. The Wisdom the writers concealed protects it from those who would destroy the writings, *and therefore destroy themselves*, until a time when the human family matured and awakened and realised its need.

The scriptures are like an offer to an addict deep in the throes of ad-diction, rejecting what they really need most, and lashing out, because they have lost control of their own minds. In the height of the loss of control the addict attacks those seeking to help them and would destroy them.

The parables, analogies, codes and koans in the Helios Biblia have preserved these writings, as the power of the Word concealed within them has worked in the hu-man consciousness to do exactly that.

Applied Meta-Physics is the Key opening the way to comprehending their riches and applying the Wisdom revealed in one's life and proving the truth thereof.

There is a simple fact of life:

We are all created equal, in that we are all the offspring of God, and we form our lives by the thoughts, words, deeds we think, speak and do. The equality is that the Divine Law is no respecter of personalities.

We are all held responsible for everything we do, and our body either regenerates or degenerates according to the motives of our hearts. If we seek to rule others, we are using the life we have been given to express ourselves contrary to the Divine Law, and this is slow and definite suicide.

If we submit to the will of another, this too is slow suicide and contrary to the Divine Law.

The LAW IS!

It is the Doorway to Everlasting Life.

PEACE.
